Message No. 32 from PERALTA

Precis: **In re PERALTA's query in re supply shipment.**

Comment: The matter of PANAY supply is under study while vessel is in port for refitting. The enemy situation there is a fluid one making long range planning impossible. We will have adequate stores in DARWIN for supply trip or the LUZON run whichever appears most feasible when time for next sailing approaches.

Message No. 447 from FERTIG

Precis: In re request for confirmation of commissions 10th M.D.

Comment: Action recommended would be within the C-in-C's authority in such matters as these men have certainly been at the front for the required six month's period. However, the question is a much broader one than FERTIG realizes;

- a. The application of any such general policy, without including Filipino soldiers within its terms, would invite the charge of racial discrimination with attendant bitterness and lowering of Filipino morale.
- b. Should these men be repatriated, after such action, we would have a much greater problem on our hands than we now have with repatriates with an enlisted status.

Following present procedure, word has gone back to FERTIG's command that his men upon repatriation revert to enlisted status upon arrival here. The return to enlisted routine is not to their liking and consequently such knowledge has done much to bolster morale in the area and create a desire to remain for the duration. This would not have been the case had these men returned in a commissioned status.

Fertig No. 452.

1. Total Japs (4000) in Cagayan-Bukidnon area is increase of more than 2000 over last month's report. Earlier message stated these reinforcements came from Cebu.
2. Misamis Occidental garrison is no change though slight decrease reported earlier.
3. Surigao troops arrived last month.
4. It appears Japs may attempt control north coast and Sayre Highway and possibly east coast Surigao to cover sub delivery points and means of transportation. Earlier message indicates possible greater enemy attempts to intensify launch patrols.

Message No. 456 from FERTIG

Precis: In re FERTIG's request for armed launches.

Comment: The C-in-C has just approved a plan to build a small fleet of sailboats with auxiliary power and armament.

FERTIG's recommendation envisions a distinctly different facility for a different purpose. I do not agree with him that we should deliberately attempt to eradicate the enemy patrol launch blockade. To do so would merely provoke the use of larger, faster, and more heavily armed vessels to sustain the blockade -- would be tantamount to twisting a bear's tail when unarmed.

I believe that the C-in-C's approved plan designed to strengthen our ability to evade -- to defend where evasion is impossible, is as far as we should go at this time. Our strength will for some time lie in our ability to elude the enemy blockade rather than to destroy it. This is within the framework of the C-in-C's general policy controlling guerilla action.

Moves to impliment the C-in-C's approved plan in reference will be closely coordinated with FERTIG.

Message No. 448 from FERTIG

Precis: In re MERRITT message of loyalty to C-in-C.

Comment: FERTIG and PARSONS don't like MERRITT primarily because they feel he is "tainted" with PERALTA's support. But I like his attached message to the C-in-C which is in effect a pledge of loyalty to the decision of the C-in-C in the matter of 9th M.D. command. More than that we could not ask. His guerillas control the important Northern sector of SAMAR. There is every reason why his message should be accepted at its face value.

Action taken:

None.

Action recommended:

Dispatch of reply to MERRITT through FERTIG in tenor substantially as follows:

"YOUR ASSURANCE OF LOYALTY ~~TO MY LEADERSHIP~~ IS GRATIFYING PAREN MACARTHUR TO MERRITT PAREN PARA I HAVE APPOINTED KANGLEON COMMANDER OF THE LEYTE AREA COMMAND TO WHOM I HOPE YOU WILL EXTEND FULL COOPERATION PD MAJOR SMITH HAS BEEN DIRECTED BY ME TO PROCEED TO SAMAR WHERE HE WILL SHORTLY CONFER WITH YOU CONCERNING CONDITIONS IN YOUR PROVINCE AND THE MEANS WHEREBY I CAN BE OF ASSISTANCE TO YOU CMA YOUR FOLLOWERS AND OTHER LOYAL PEOPLE OF SAMAR PD MY POLICY PREVIOUSLY INDICATED TO YOU AGAINST ANY GUERILLA ACTION CALCULATED TO UNNECESSARILY PROVOKE ENEMY REINFORCEMENTS OR REPRISAL AGAINST THE PEOPLE WILL STILL GOVERN PD I VALUE YOUR SUPPORT AND THAT OF YOUR GALLANT COMRADES WHO HAVE SERVED THE CAUSE WITH SUCH DETERMINATION IN NORTHERN SAMAR"

Message No. 439 from FERTIG

Precis: In re distribution of supplies to BOHOL and LEYTE Area Commands.

Comment: This message demonstrates type of cooperation which should exist between all Philippine Commanders. The answer lies in their knowing each other and discussing mutual problems with a frank exchange of views. After such time as we can get FERTIG, CUSHING, ABCEDA, and PERALTA together to form the basis for common understanding, I think we will see the development of much healthier general situation with a banishment of the mutual distrust, suspicion and jealous rivalry that now characterizes and dominates inter-guerilla relations.

Message No. 8 from PHILLIPS

Precis: In re development of guerilla organization in MINDORO.

Comment: I have before you for consideration a recommendation designed to impress upon PHILLIPS the need to avoid building up the guerilla movement in MINDORO -- another one to withdraw PERALTA's position and influence in the Province.

PHILLIPS' position is of value to us only for intelligence purposes. It will be untenable if by any act we invite heavy enemy patrol activity or reinforcements in that area. I cannot too strongly recommend that the present quiescent state of guerilla activity be permitted to continue undisturbed -- that we may continue with a free hand to use the Province and Island as a stepping stone to Central LUZON intelligence. I view this matter of great importance.

Message No. 30 from PERALTA (THRU AMES AT "NRW")

Precis: In re enemy activity in 6th M.D. -- PERALTA's comment.

Comment: I regret the necessity to forward attached message but recall the C-in-C's analysis of PERALTA of 29 May, and feel that he will not be surprised at PERALTA's diatribe.

The message results from my effort to smoke PERALTA out of a confirmation of our report from ANDREWS on the pressure on the 6th M. D. PERALTA broke off radio contact with the outside on 28 October. We finally reestablished it on 24 November through one of his net stations after repeated broadcasts -- too late to effect security arrangements before the NARWHAL sailed on its 2nd supply trip the following morning.

Prior to breaking off radio contact with us PERALTA had indicated that the area of the PANDAN Bay was the safest for the supply delivery. Every other such delivery had been made to that area and at best it would be hazardous to try it again.

Our last supply load went there on 22 August. The sub has not been heard from since. While we defended, with strong evidence, before the Navy the proposition that the supply mission was not in any manner responsible for the loss of the sub, it has been nevertheless a possibility that could not be ignored in planning future supply trips to the area concerned.

While we contemplated sending the NARWHAL into PANAY on its second trip, I feel that the accomplishment of its alternate mission to MINDANAO has served a much more practical purpose and ties in much closer to the C-in-C's priority for sustaining guerilla forces. I am afraid that PERALTA's silence on the matter of enemy pressure on his district, until expressly asked for confirmation thereon, was calculated to get the supplies in, regardless of hazard to the sub -- and that by avoiding his area in the absence of adequate security assurance we may well have saved the NARWHAL to our further service.

PERALTA seeks to put the blame for his present predicament on the failure of adequate supply of guns and ammunition, at the same time stating that the guns were desired for purposes of morale rather

DECLASSIFIED PER JCS LIB ON
20 AUG 73

than use. In our supply load of 22 August, we sent him, besides a shipment of guns, 170,000 rounds of ammunition -- more than twice the amount of his requisition. He deprecates our sending him medicine and yet at one time he placed medicine on high priority. On 19 April he wired, for instance, that a serious health problem was expected unless 85% of the people on PANAY could be immunized.

I am inclined to believe that PERALTA at the present time is largely concerned over the loss of personal prestige -- possibly ego to which he referred in a recent message. I doubt that his forces would have long contained the enemy's efforts to mop up PANAY regardless of the number of guns we could have supplied.

Yet with all this due allowance should be made in the fact that PERALTA has reason for bitterness -- not against this headquarters but against the policy of the United States responsible for curtailing his supplies -- and the fact that he has been a hunted man, with a high price on his head, for many months. I accordingly, recommend that the improper tone of attached message be ignored.

I am submitting by separate carrier note a brief exposition of the VISAYAN supply problem with my recommendation for its simplification.

Message No. 7 from PHILLIPS

Precis: In re PHILLIPS' position.

Comment: I know that you will be interested in the position that PHILLIPS has finally taken. He left resolved to plant the flag where it could dominate CORREGIDOR -- felt that the C-in-C would derive some little satisfaction from his so doing. I warned him prior to his departure to do nothing along that line that would compromise his position, so I am sure that he is proceeding with care. He and his party are inspired by the meaningful call letters which were assigned to them. I count upon that going a long way toward assuring success of the mission -- serving to strengthen the will to grasp the enumerable opportunities open in the service ahead.

Message No. (?) from FERTIG & PARSONS

Precis: In re ABELLANA-CUSHING Conference.

Comment: I have wired to hold ABELLANA at FERTIG's headquarters pending your further instructions following response to our direct inquiries as to CUSHING's whereabouts. (We have radio contact with CEBU through ANDREWS). FERTIG & PARSONS do not like CUSHING with a possible resulting tendency to usher ABELLANA out of the projected conference picture before giving adequate time for CUSHING to arrive. Further application of the old inter-guerilla suspicion and jealous rivalry. Cmdr. PARSONS sometimes shows signs of being as much guerillaized as any of them -- has to be checked lest his enthusiasm for one operate to the unnecessary disadvantage of the other.

Message No. 433 from PARSONS

Precis: In re 2nd load of the NARWHAL.

Comment: Our efforts to deliver a cargo of supplies to 6th M.D. (via 2nd trip NARWHAL) proved fruitless. It would be folly to risk the NARWHAL in that area however, until the military situation is clarified, and in view of the C-in-C's priority on sustaining the 10th M.D. for future tactical employment it is just as well that we do concentrate our effort there at this time. We can still move supplies by sailcraft through the enemy's patrols if the situation in PANAY offers sufficient assurance that they can be received.

In view of the situation and our very limited transport facility, I believe we must find a safe course in this supply problem between idealism and realism with the accent definitely on the latter.
