FROM: CINCFE
TO: CG EIGHTH ARMY..... COURIER

Dept of Army radio W 90940, 2 July 49 to CINCFE is quoted:
"District Court on 29 June denied petition for Writ of Habeas Corpus filed on behalf of Curtis A Bush on grounds that General Provost Court was properly constituted and had jurisdiction of the person and offense. On motion to dismiss petition argued 21 June Judge Holtzoff held that Provost Court was a tribunal of the United States rather than an international tribunal, set case for hearing and adhered to this holding on 29 June. His opinion as to jurisdiction over person based on holding that Provost Courts and courts martial exercised concurrent jurisdiction. Copies of both opinions will be airmailed to you when 29 June opinion available. In comments from bench on 29 June, which will not appear in either opinion, Judge Holtzoff on being informed in response to his inquiry that value of fine in dollars might not exceed \$200 at present rate of exchange, commented that in his opinion portion of sentence which might require Bush to serve an additional 375 days if fine unpaid is unduly severe. The matter is brought to your attention suggesting such action as you may find appropriate."

This message in 5 parts and pertains to railroad operation.

Part 1: Reduction of employees by the Japanese National Railways and consequent spread in working hours may result in labor difficulties.

Part 2: It is desired that thorough surveillance of the situation during this month with respect to possibilities of disturbances and prompt reporting procedures be instituted to provide successive echelons with accurate information upon which to determine necessity for action at this headquarters.

Part 3: At present a localized minor partial strike of conductors in the Tokyo-Yokohama Area has resulted in curtailment of Japanese trains on certain branches.

Part 4: Standard instructions have been issued that "allied forces cars, equipment or trains" will not suffer any interference or sabotage. It is the function of the Japanese National Railways to insure this operation. Such support as may be required therefor is a responsibility of the Japanese police.

This is G-2 Highlight Number 436, 25 May.

The Osaka Council of the all Japan Communication Workers Union (JCWU) has recently started publication of weekly paper entitled, "Weekly Official Publication of the Osaka District Council of the JCWU". The purpose of this publication is to "stabilize and expand the strength of the Communist Party".
B-2, 25th Div.

Representatives of the JFL, Federation of Metal Industry Workers Labor Union, and the Textile Industry Workers Labor Union are scheduled to meet in Kyoto on 26 May for the purpose of establishing the all-Kyoto Council of labor unions. B-3, 163 LD. G-2.

Comment: The JFL and other moderate unions withdrew from the regional labor Conference on 7 May because they objected to the Communist dominated unions in the conference. Seceding unions are now, under the leadership of the JFL, forming an anti-Communist all-Kyoto Council of Labor Unions.

Reurmsgfm AG 320.2 GA, dated 8 Apr 49. This message in 2 parts.

Part 1. Reference messageform states "Plan contemplates Eighth Army reaching authorized strength not later than 30 Sept 49." Projected strength estimate indicates Eighth Army will be 5,215 white EM under strength on 30 Jun 49. This estimated strength includes 2,000 planned intra theater arrivals during Jun 49. Approvals for Jun shipment (Jul arrival) are 2,727 rather than the 3,700 indicated in reference messageform. Personnel shortage 30 Jun indicates Eighth Army will require 5,215 overshipment during 1st quarter of Fiscal Year 1950 in order to reach authorized strength by 30 Sep 49. Request increased allocation of white replacements or authority to withhold implementation of constant flow of 2,700 returnees to ZI until Eighth Army reaches auth strength. It is considered impractical to make total adjustment in 1 month, due to number of EM who must be returned due to expiration term of service.

Part 2. Request clarification or cancellation of Paragraph E, Part 1 of reference messageform.

This is G-2 Highlight Number 127, for the period ending 1800-K, 8 May 49.

A. At 0700-K, 7 May, the coal mine labor unions affiliated with the National Federation of Coal Miners Unions (Tanro) went on a second 24 hour strike. The strike was called after Tanro and the Japan Coal Mining Federation failed to reach an agreement on the present wage dispute at a meeting held in Tokyo on 2 May. There are approx 111,700 persons involved in Hokkaido. There are as yet no indications of a 3d round of strikes. The estimated loss of coal output for this period in Hokkaido is 28,500 tons. (7th Inf Div) (B-2)

B. At 100-K, 8 May. A meeting sponsored by the Korean Students League was scheduled at the Lecture Hall, Meiji University, Chiyoda-Ku (0679.5-1422.0), Tokyo. The meeting was not held since a fight occurred at the lecture hall between 100 rightist Koreans and 300 leftist Koreans. 20 persons were injured. Cause of the fight was the desire of the rightists to take over a school formerly owned by the leftists and the resistance the leftists made to this move. Leftists dispersed at 1515-K. 1st Cav maintaining surveillance. (1st Cav Div) (B-2).
