DECLASSIFIED PER JCS LTR OE  
20 AUG 75

Summary economic developments Seoul area:

1. Electric power. Exciter 2d Chungpyung Hydro Plant generator, previously reported removed, recently discovered in nearby town. Repair work underway also to have both Chungpyung generators operable by 1 Nov. Repair cost 150 thousand dollars and continuing. Target date completion 1 Nov to permit use Chungpyung power Seoul-Inchon area. Tangari continues only power Seoul area, averaging 5,000 KW output. Limiting factor output continues to be transmission system, which is under urgent repair.

2. Railroads. Through trains now operating Pusan to Munsan via Seoul. Completion temporary Rajin river bridge, now estimated 10 Nov, will open main line from Pusan to north of 38th parallel. Numerous single track sections, however, slow mainline traffic to 27 hours minimum between Pusan-Seoul. Current target reopening Seoul-and Ong-Pusan alternate route 10 Nov. Objective to open Seoul-Munsan single track line by mid Nov latest.

3. General. Bank of Korea retail price index for Seoul on 19 Oct was 836.5, down from post liberation high of 873.9 on 15 Oct. This trend attributed gradually improving channels transportation. Distribution variations Seoul population cont slow reflecting on the transport adminis difficulties. First large factory Inchon to resume operations was ply wood plant, which obtai

This msg in 2 parts.

Part 1. With withdrawal of Navy and Engbr Sp Brigade personnel from Inchon, only 15 of the 50 LCMs remaining at that port can be manned with available personnel from Amph Trg Ctr Gp. 27 LCMs currently operable but cannot be maintained by 3d Log Comd because of insufficient number of maint personnel and complete lack of spare parts. Due to increasing importance of Inchon, and the importance of LCMs in operation of this port it is requested that the following units be made available to Army Eight for operation and maint of 50 LCMs at Inchon:

- A. 50 cells HK T/O&E 55-500.
- B. 1 team BA T/O&E 55-500.

In addition, it is requested that at least 20 additional LCMs be furnished to replace craft which are not economically repairable.

Part 2. In the event request for units listed in Part 1 cannot be met request consideration be given to YIB vision of equip units from Navy sources.

19 Oct 50

FROM : CG ARMY EIGHT

TO : CINCPAC (FOR G-2 CINCPAC PASS TO TI AND GENERAL DAGER JSOB  
ONLY DICKEY TO DAGER. JSO/DICKEY TO G-2, GHQ, PASS TO  
TI AND JSOB ONLY) TOKYO JAPAN

DECLASSIFIED PER JCS LTR OF  
20 AUG. 75

NR : G 26367 KGI

Extract from KLO Report Nbr 259 dated 18 October, evaluation P-6 and which is forwarded by courier 20 October indicates that:

1. Chang Sang Mook CSAB a former Signal man in G-2, GHQ, NKA stated that on 15 August one Colonel Kim Chang Kook brought to his office a United States Army field bag which contained papers and documents and 1 United States steel helmet with 2 silver stars on it and 1 red plate with 2 stars on it. Colonel Kim stated at that time that the plate and helmet belonged to General Dean of the 24th Division. Five days later Colonel Kim asked Chang to identify a picture of General Dean which he stated that he wanted identified because a prisoner who was suspected as being General Dean refused to identify himself. Kim further stated that Dean had been captured in mountains south of Taejon in July and he was wounded in both legs. Source believes that soon after Dean was moved from Seoul to Pyongyang or possibly USSR and is positive that North Koreans will not kill Dean as long as he is in hands of high ranking officials in rear area who are under control of Soviet officials.

DECLASSIFIED PER DA CIRC. #127  
23 DEC. 53

URMSG C 65948, 10 Oct.

Fol rpt fr CG 25th Inf Div: "Thorough survey of mail distribution within this comd reveals no basis for complaint of unrec delay in del of mail through APO 25. Mail is recd daily from 2d Base Post Office by air lift to Taejon. Bulk shipments of parcel posts from ships moves from receiving Base PO to Taejon by rail. During movement to present location mail was picked up daily at 2d Base Post Office by truck from APO 25. All mail recd at APO 25 is separated on day of receipt and closed out for dispatch to APO unit located at Class 1 supply point following morning. Upon arrival at Class 1 supply point APO unit there effects delv of regtl and unit mail and eff del to trps daily even to front line positions. During recent offensive rapid movements of fwd elms and lack of trans caused 4 to 5 delay in delivery of mail from APO to units but this factor has since been eliminated and mail distribution is back to normal procedure. There is no backlog of mail on hand at APO 25 for delivery svc. Directory svc is current and all mail is separated before the close of business on day of receipt. Attn is invited to the fact that vol of mail recd by APO 25 fluctuated considerably to the extent that in some days only 2 or 3 bags are received while on other days we have recd as much as 5 to 600 bags. This fact may well be a contributing factor to an alleged delay in del of mail but is one over which this comd has no control."

Following msg in 2 parts.

Part 1. Extensive repair of bridges on rail line to NW from Seoul-Inchon Area to Pyongyang will be required before this line can be made operational. The rail line from the Seoul-Inchon Area to Wonsan will also require extensive repair to bridges and tunnels before becoming operational. As a result logistic support of current and projected operations of the US I Corps and ROKA II Corps must be provided from the Seoul-Inchon Area almost entirely by unlimited nbr of available trans truck companies.

Part 2. In view of the above it is considered essential that additional unloading sites be opened on the west coast, preferably Haeju and Chinnampo or vic, to the extent necessary to receive and unload LSTs. It is requested therefore that priority be given to the sweeping of mines necessary to utilize Haeju and Chinnampo Areas. It is further requested that initially ~~1-200000~~ be made available immediately after completing current operations for the purpose of supporting Army Eight troops from Haeju and Chinnampo Areas. 12 LSTs

This msg in 5 parts.

Part 1. For CG 2d Inf Div. Desire you organize 1 company size task force. To be employed under control I US Corps for the mission of entering Pyongyang with leading elements of I US Corps or II ROK Corps to seize and secure certain documents that may be available at specific targets within the city. Task force to be composed of: 1 Company Commander (to be designated by you), 1 plat med tanks, 1 plat ron company, 1 inf company (less 1 platoon), 1 squad engrs (demolition experts), aid men as selected and organic weapons and transportation plus 5, 2 1/2 ton trucks. Specific targets to be designated by G-2 this hq. Task force will be augmented by specialized personnel as may designated by G-2 this hq. Task force should be organized and prepared to join I US Corps or II ROK Corps respectively 18 Oct 50.

Part 2. Detailed instructions for mission this task force will be issued separately.

Part 3. The successful completion of this mission is of greatest importance and should receive highest priority of action addressees.

Part 4. In addition to seizure of documents by the special task force, commanders will instruct all troops entering Pyongyang to seize and preserve military and governmental documents for subsequent early transmittal to this hq, attn G-2.

Part 5. The company commander designated will be directed
