Pass fol msg to all units your comd "To the members of the Eighth Army, assigned and attached. I have complete confidence in our ultimate success-confidence born of your achievements and the splendid spirit everywhere in evidence throughout this great inter-service allied team.

Having performed with great gallantry and skill under conditions as adverse as any United States Forces have encountered since Valley Forge, there is no shadow of doubt of the character of this Army's future conduct, teamed as it is with our own great services and our allies.

We face severe trials. We shall need dogged determination in attack and utmost tenacity in defense. We shall need resourcefulness.

The action of one single platoon or squad may vitally affect the whole command.

Never have leaders-in both command and staff-had a greater challenge or a finer opportunity to show America at its best.

May God be with you in the coming year!"

With reference to source 3 above: Merchandise definitely established as pilfered from Army supply channels is seized by mil police in conjunction with the National Police of Korea and is promptly returned to US mil channels. A continuing survey of local markets is conducted by CID. In addition, the anticipated augmentation of current mil police strength will permit more stringent security measures.
