FROM : DA (CSGPO) (G-3)

TO : CINCFE (PASS TO MUCCIO FOR INFO)

NR : W 89105 (FOR UNITED STATES OFFICIALS ONLY)

My msg W 87373 and W 86434, ORMSG C 59159 and CX 59979 and state msg Taegue 110 dated 7 Aug repeated Tokyo unnumbered. This msg in 2 parts.

Part 1. At reqst and with concurrence Dept of State, this msg attempts to clarify references to "Military Government" units.

Concur here Mil Government under no circumstances to be instituted South Korea. "Military Government" units are included on trip basis for purpose of performing functions charged to comd by International law and mil necessity with respect to civ population particularly in combat zone but not limited to that area. Such units should free comd from concern with civ problems. Their functions may be limited by the comd to liaison with and assistance to independent civ auth. Examples of other functions which can be assigned units are Pub Health, Pub Welfare, Civ Sup, Assistance with Pub Safety, etc. (See FM 27-5; T/O & E 41-500). No objection here to redesignating them "Civil Affairs Units" as in France and Philippines or to any other designation apropr descriptive of their functions. However believed preferable units should be admin entities. No intention to interfere with Economic Cooperation Act Post-combat responsibilities for Economic readjustment and rehab. Ref Part 2, CX 59979, subject is under study.

Part 2. Comments rec from Muccio re W 86434. Reqst CINCFE views soonest for presentation to JCS.

REURMSG CX 59596 dtd 8 Aug 50.

Part 1. Since ref msg received understand Jacona repairs will be completed 20 Aug and will be avail use at Pusan delivering 18,500 kw. This in addition to stationary plants Pusan Area in our opinion shld be sufficient to sup mil and essential civ reqmts until much larger area South Korea is liberated. No equip of size and character required to materially assist in sup ultimate civ needs South Korea now in possession of Army with exception of impedance. If and when requirements exceed capacity of Jacona plus existing capacity in South Korea which can be rehabilitated only known solution is to transfer impedance or purchase sister ship now in use US at cost of approx \$4,000,000. If this is done plans must be developed for placing such plant at strategic location involving adequate depth for navigation, cooling water supply, transformers, substation equip and transmission lines. Further needs now under study by DA. Navy will advise thru CINCPAC as to any power equip that source.

FROM : DA (CSGPO) (G-3)

TO : CINCPAC

NR : W 89123

URMSG C 59772, Part 2, Par D. Folng is radio equip of 29th Inf Brig Group: Force is being standardized on Nr 19 set and Nr 62 set. These are both HF voice (AM) and telegraphy sets, former covering from aprxly 2 to 8 mc/s and latter from 1.6 to 10 mc/s.

Signal Sq at Brig Hq will have additionally 2 command veh containing Nr 53/19 set combination. Nr 53 is 250 watt set covering from 1.2 to 17.5 mc/s.

Within Inf Bn Nr 88 sets (VHF FM 38 to 43 mc/s aprox) and Nr 31 sets (VHF FM 40 to 48 mc/s) will be used. In addition each Bn will have 7 Nr 62 sets for use in extended cond.

Consideration has been given by British to possible use of US radio equip of this type, but in view of problems of re-training, it has been considered essential for force to be equipped from British stocks for initial reqmts. Is Brig radio net diagram required or is this info suff?

Brig group will be equipped with combined cipher mach for rearward comm to US authorities. Normal British ciphers will be used for intra working end for any rearward comm to British authorities.

British suggest establishment of small British base in Japan with advance base in Korea with folng admin links:

(a) Brig Hq to Japanese base, Nr 53 sets adapted to carr freq shift working.

(b) Brig Hq to advanced base Korea, Nr 53 sets.

(c) Japanese base to Singapore, Nr 53 sets.

REURMSG C 60201 dtd 16 Aug 50. Desire only casualty stat punched cards which have been verified by both BCR and morning repts. Format of cards will be in accordance with that developed in coordination with representatives your hq and my office, currently in mimeograph draft form. Type of casualty code will confirm with that initially established (not FECOM proposal) except that slightly wounded and slightly injured will be identified by X (11) punch over units psn and not hospitalized with X (11) punch over hundreds psn. Initial shpmt of cards will be fwd in 2 groups: Those contained in active casualty file and those contained in inact file (to include initial casualty stat cards as well as changes and disp). Each group will be clearly identified and shpmt will be accompanied by transmittal listing indicating name, grade, ASN, date, place and type of casualty. Subsequent shpmts will be fwd with cards in svc nr sequence within type of casualty accompanied by transmittal listing in same sequence. Duplicate set of cards will be retained by shpmt nr pending notification from DA for disposal. Clas of shipment and transmittal is restricted.

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

Decision made to continue atomic weapons tests at Eniwetok. In order permit major portion of present TG 3.2 to move FECOM as contemplated in ref a, following plan now under consideration:

A. 79th Engr Constr Bn now scheduled complete present Eniwetok Mission about 1 Oct, to begin preparation for FECOM Mission at that time.

B. Early in Nov send approximately 900 replacements to Eniwetok of which approximately 200 can be utilized to bring 79th to war strength. Remaining 700 to perform residual jobs of TG 3.2. Same shipping that brings replacements to Eniwetok can transport 79th to FECOM.

C. TG 3.2 personnel now at Eniwetok, who are not shipped with 79th and who are considered suitable for FECOM Mission to be relieved by above replacements and transported to Japan in late Nov.

Implementation of this plan will provide your comd with reinforcements in the form of functioning units in return for diversion of the same nbr of casualties from your replacement stream.

Request your comments or concurrence in above plan.

If you concur DA will endeavor to arrange with CJTF-3 for Gen Shingler and 2 or 3 of his staff officers to visit Tokyo as you requested in ref C.

MYMSG W 88758 dtd 15 Aug. In addition to the weapons systems evaluation group team supporting the JCS, it is proposed subject to your concurrence, to attach to your hqs a 3-man team of operations analysts from the DA operations Research office. Team will be accompanied by Dr E A Johnson, Director, Operations Research office, who will remain until team is established. Experience and capabilities of this gp is similar to that of field service office of OSRD established your theater by Dr K T Compton towards end of World War II. Also similar to operation analysis team now attached to Far East AF.

This team will be available to assist your hqs and for attachment to lower echelons as desired for analysis of combat problems of Ground Force Commanders with priority to an analysis of the effectiveness of technical performance of new weapons, and recommendations for desirable New Development Programs. Such info of great importance this Hqs.

Your concurrence in the above is rqstd.

DECLASSIFIED PER DA CIRC. #127
23 DEC 53

This msg in 2 parts. This is concerned with logistic aspects mentioned in W 88546, 11 Aug. Anticipated that preliminary negotiations with UN countries in regard to initial equipping, gen composition of forces, transp to theater, spt type units, etc will be handled here. In order to prov a basis for discussions here it will be nec to expand gen criteria given in CX 57957. Statement in Part 2 has been dev for this purpose.

Your comments are rqstd.

Part 2: Gen:

A. For practical opnl reasons it would be desirable to opr only 1 loc for the Korean opn. However, it is anticipated that force contributions from the British Commonwealth and other nations using British type equip will eventually be of sufficient magnitude to warrant the establishment of a separate loc within the FEC for sup and maint British type material. Until this loc can be established the US loc will be utilized to prov logistic spt for all forces. No more than 2 locs (US and British) will be established.

B. UN Forces, other than US, will be staged through Japan.

Initial equip: Units should arrive in the FE completely equipped with US or British type materiel capable of maint from US and UK sources. Where possible, units not using one of these 2 types should be reequipped with US or British types. Units with other types of materiel will be acptd after it has been determined that, equipping with US or British types is not nec or that certain items are irrevocably peculiar to the function or customs of the unit concerned. In exceptional cases, units may arrive without equip or only partially equipped, e.g., Medical Units, Port

Bna, if they are to be used as replmt units or if nec equip can be furnished from FEC stocks. Any deviations from the objective of arrival fully equipped with US or British type materiel will be coord with the FEC prior to completion of negotiations with the nations involved. Nations utilizing British or US type materiel will negotiate directly with US or UK for sup of initial equip.

Resup:

A. Units should be accompanied by a min of a 60 day level of maint sup and equip, less C1 1 and C1 3. If the normal order and shipping time for resup will be greater than 60 days in the accompanying level will be increased accordingly.

B. Resup rqmts for units using US type sup and equip will be furnished to the FEC by the units concerned. Such rqmts will be reflected in the normal resup procedures of the FEC.

C. Resup rqmts for British and other non-US types of materiel will be determined by the UN Forces involved in coord with the US loc sup agencies involved (having distr responsibility within the FEC). US sup agencies will extract rqmts to nations designated by the using UN forces to furnish such materiel to the US loc.

D. Materiel furnished from non-US sources will be introduced into the US loc at a point agreed upon by the US and the nation concerned, and will be distr to the using forces by the US loc.

Maint of equip: Maint of non-US type materiel will be accomplished by spt units of the using nations or by spt units of the Commonwealth Nations (for British types). US maint units will furnish assistance in accomplishing such repairs as can be accomplished with aval pers, tools and facilities. Replmt sup and parts will be obtained as provided for resup, above. Separate (not reqd for spt or their own forces) maint units furnished by contributing nations must be capable of supporting either US or British type equip and possess the nec skills, tools and equip reqd for it's repair, and will be integrated into the US loc or British type maint system.

Svc type spt (other than maint): Logistic svc spt such as evac, hosp, intra-theater trans, const will be primary responsibility of US Forces. Such svc type units and pers which may be furnished by contributing nations will be integrated into the US logistic svc spt system, except where they

16 Aug 50

FROM : DA (G-4 P 2)

TO : CINCPAC

NR : W 88758

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

The JCS have approved, subject to your concurrence, a recommendation by General Hull, Director of the Weapons Systems Evaluation Group, to dispatch to your hq a small number of scientists with operations research experience on military weapons. The purpose of such a mission is to capitalize to the maximum on the opportunity to obtain data on the effectiveness and adequacy of our present weapons and weapons systems under actual combat conditions. The Weapons Systems Evaluation Group is charged by the JCS with the mission of evaluating our weapons and weapons systems with the view not only of determining their effectiveness but to recommend where applicable the trend that research and development should take to correct deficiencies found to exist. In peacetime the only way to judge the effectiveness of our various weapons and weapons systems is through historical and theoretical analysis combined with experience gained through maneuvers and field exercises. Most decisions concerning research and development with the view to obtaining improved or new weapons therefore are based necessarily on theoretical analysis. Under the conditions now existing in the Far East, it is possible to obtain accurate data under combat conditions. These data should be of great value in studies currently underway in the group and may well suggest vital new problems for emergency solution. The Research and Development Board as well as the JCS look to the Weapons Systems Evaluation Group for advice on such matters.

The Weapons Systems Evaluation Group has requested authority to send Dr Edward L Bowles to your hq to establish this agency and to be in charge of it initially. During World War II Dr Bowles was Senior Scientific Advisor to the Secretary of War in

which capacity he assisted the war effort to a major degree. You may wish to utilize Dr Bowles as a Scientific Advisor to you and your staff. It appears that such an arrangement would result in obtaining the greatest benefit from his services.

It is desired that such data, reports, or recommendations as may be submitted to Washington by Dr Bowles or his group be forwarded through your hq in each case. A rotation of personnel on this assignment appears desirable with suitable overlap of tour. The dispatch of replacements, however, will be taken up with you in each instance.

Your concurrence in the sending to your hq of Dr Bowles with 1 or possibly 2 assistants or representatives of the Weapons Systems Evaluation Group and for such use as you may desire to make of their services is requested.

Supplementing project discussed your Z-13045: Conference held here with information team assigned to proceed to FEC with corps headquarters indicates they have pers assigned for radio recording work but no equipment. Recommend equipment list for corps team prepared by OPI Radio Branch follows:

- 1 PT-FAH 3 channel magnacorder;
- 2 minitapes;
- 3 Staniel Hoffman crystal mikes;
- 30 rolls of 1200 ft 111 A plastic tape;
- 30 rolls of 600 ft 111 A plastic tape;
- 50 ft of mike extension;
- 10 P Type male cannon plugs;
- 10 P Type female cannon plugs;
- 2 pr of crystal earphones;
- 3 mike stands (table type);
- 2 sets complete photographic equipment PH-104.

All magnacorder equip should be standardized for use with standard P type 3-cannon plugs. Urgently need request from FEC for supply of corps team. With your approval we will attach corps requisition as rider to requisition for theatre team.

New subj URMSG Z-13330: This subj will again be stressed with agencies by Def Dept.

There is a tendency in communiques to report bombing missions as having damaged or destroyed a whse, village, etc, without attaching some adjective which would identify it as a mil tgt. This has caused considerable comment and furnished ammunition to rumors that there is promiscuous bombing in Korea. Strongly recommend that tgts be identified as mil tgts. Qualifying adjectives of some sort. Have asked AF and Navy to present this idea through their channels.

URMSG C 59814.

Hq USAF informs that 1000 leaflet bombs M 16 shipped from West Coast depots to SPRAN POB 20 to 24 Jul and are now enroute to Far East via marine express. Delay was caused by failure to rec nec shipping priority from your hq.

Understand that 5000 cluster adapters M 16 are being modified on highest priority to M 16 A 2 adapter clusters for use as M 105 leaflet bombs.

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

Part 1:

Pol info has been rec from US Mission and US Mil Attache in Turkey concerning Turkey's offer of combat ground units for Korea.

"The tentative proposal envisions a self-contacted combat unit organized and equipped along lines similar US units. The unit recm by Chief JANMAT (US), one regt combat team consisting of 195 offs, 2 WO, 4104 EM, total 4301 with possibility 10% increase for attrition making 214 offs, 2 WO, 4514 EM, total 4730. RCT consists Hq and Hq Det, 9 offs, 14 EM; Inf Regt, 124 offs, 3030 EM; one Fld Arty Bn, 32 offs, 2 WOs, 452 EM; one Engr Co, 5 offs, 161 EM; one AA Co (40 mm) 6 offs, 125 EM; one AA Plat, 1 off, 25 EM (Armed 35 mm) ques (rocket launchers); one Med Co, 7 offs, 64 EM; one Ord Co, 6 offs, 80 EM; one Sig Plat, 2 offs and 65 EM; one Trans Co, 5 offs, 78 EM.

"It is estimated that the task force can be assembled and organized in one month from date of notification. Units will be composite as no existing units suitable. Forces must be given intensive fld tng and equip check in Japan under US supervision prior to commitment.

"All Inf small arms must be replaced by US wps and tng conducted abd ship with small nbr wps furn by air to Turkey for indoctrinations as Turks unfamiliar with these wps.

"Food problem requires diet to which Turks are accustomed including whole wheat bread, lamb, and rice.

"US Mission pers will commence unit tng insp 14 Aug and

REURAD CX 59752. With the exception of the 44th Tank Bn of 82d Abn Div, the 64th Tank Bn (negro rated 55% combat effective with aggregate strength of about 550) is only operational Tank Bn left in US. Remaining tank bns and tank companies have been reduced to ineffective str by levies to fill tank units already shipped and to provide combat replacements to FECOM.

Since there is no tank bn with 3d Div, the 64th Tank Bn has been assigned to that div and will depart West Coast about 1 September.

The 82d Abn Div, the only effective ground force existing in the US must be retained intact as our only reserve.

Our capabilities to meet your stated tank requirements in the future will depend upon the restoration of existing cadre units and the situation obtaining at that time.

JA/jog

12 Aug 50

FROM : DA (SEC OF DEFENSE)

TO : CINCPAC

NR : DEF 88281

DECLASSIFIED PER *JCS ltr of 20 Aug 75*

Strong concern here in executive, congressional and civil circles continues over recurring breaches of security, including dissemination of info obviously helpful to the enemy in dispatches originating in the Korean combat zone. Irresponsible articles have been frequent occurrences during month of Jul. A press dispatch Aug 2 gave exact time ves carrying marines docked, and gave the names of the attack transports George Clymer, Pickaway and Henrico; the attack transport Bass; and the landing ship dock Port Marion. More recent press dispatches purport to give the composition, strength, plan of action and objectives Kean Task Force. Another dispatch gives the damage caused by the enemy.

Policy-makers of wire services and radio networks believe that security measures should be taken at source of news. If measures are based on voluntary code, military should assist in drawing up and administering a code of coverage to be binding on all reporters of all nations in combat zone. Code should include stories written in Japan after leaving combat zone.

Dept of Defense feels that it is not practical for each individual to decide for himself the security involved in story. Therefore, upon recommendation by the JCSs you are directed to institute censorship either on voluntary code operated with military assistance, or by outright military censorship on all stories concerning military operations in Korea and Formosa or directly related thereto. Please advise of your decision and action so we can inform news media in US.

URMSG C 59604.

Para 1. To date at least 18 nations have formally or informally indicated intentions to furnish some form of military aid to United Nations forces in Korea. If all such offers materialize total of 25,000 to 35,000 foreign troops may result. Necessarily tentative nature of any estimate made at this time must be emphasized. For ground force combat contributions from each nation may materialize:

- Australia (2 Inf Bn 1000 men each),
 - Canada (4000 to 5000 man RCT),
 - New Zealand (Arty Bn 1000 man),
 - Pakistan (probably an Inf Regt),
 - Philippines (5000 man RCT),
 - Thailand (4000 man RCT)
 - Turkey (4730 man RCT),
 - United Kingdom (Reinf Brigade Group of 7700 men).
- For offers of Medical assistance have been made:
- India (200 to 300 man Medical Unit),
 - Denmark (Amb Unit),
 - Sweden (175 man field hospital contingent).

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

ETA Korea will be furnished as soon as reasonably accurate estimate can be made. Conversations now in progress with Latin American countries may result in offers of troops totalling from 1 to 4 Bn.

Para 2. JCS plan to pass on each offer of military assistance before final acceptance by United States Government. JCS have recommended acceptance of Swedish offer and the ground combat units offered by New Zealand.

Ref TELECON 3566, DA 6, 23 Jul. Early models Soviet T-34 tank equipped with radio transmitter 9 RSZ and rad receiver RSZ-I-4 T, battery-powered, wave-length 52 to 78 meters (5.7 to 3.7 megacycles) this freq corr with Soviet Sig Channels 230 to 155. Power output of transmitter 3 to 4 watts, probably amplitude modulated although rept does not specify. Have you any evidence North Korean Forces still using this set in T-34 tanks? If so reqst details tactical usage and freq channels most used; if not have you any info about rad sets used North Korean tanks?

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

US has accepted offer of Swedish Army hospital. Sweden desires that consideration be given to its use in support of combat operations and that it be completely mobile to include 6 ambulances. In order to expedite arrival in Far East and simplify resupply, unit has been accepted less equipment. 176 personnel (31 female) will arrive with only personal medical kits of medical officers (1,000 lbs total).

Strength breakdown:

Co Medical Corps, 7 medical officers (surgeons), 1 dental officer, 17 female nurse corps officers, 14 female nurses aides, 1 each QM, TC, Exec, and Liaison Officers (non-medical), and 132 miscellaneous (no orderlies). Majority will ~~XXXXXX~~ speak English. Approximately 30 additional personnel must be furnished for orderlies, etc (Koreans or Jap personnel are acceptable). Estimate unit can operate 200 beds of a 400 bed evacuation type hospital (personnel ready for movement about 22 August in increments over period of 1 week. Unit prefers to move via US, but possibility exists of air movements via India. Movement from US would be on US water or air lift. All other movements via Swedish or commercial air. Do you desire unit? What are your recommendations as to routing of movement and when do you desire unit to arrive?

Suggest 400 bed evacuation type hospital, medical equipment Item 9-195-800 be used as basic equipment with any overages being turned into theater stocks. Consideration should be given that normal MEE will not be in the hand of the unit and is additional requirement. Query: Is functionally complete 400 bed evacuation hospital assembly for this unit on hand in your command? Replacement assembly can be shipped from ZI.

Ref msg from Chief Naval Opn 3 Aug 1950 NCC 18806 DTG
031938 Z subject MARBO Proposal Navy Assumption of ACAN at
Guam. The JCEC, JCS, have approved Navy assumption of ACAN
responsibilities at Guam subject to provision of alt Army TTY
COAF Channel from Honolulu VIP Guam to Tokyo as required by
Army.

Request you effect action in coord with MARBO to implement
proposal upon activation of Navy Guam-Tokyo Multiplex System
as fol:

- A. Return presently used Army Guam-Honolulu Channel in
SSB Navy.
- B. Place Army Guam-Manila RTTY circuit in stand by status.
- C. Place Army Guam-Tokyo circuit in stand by status.
- D. Have Navy handle as off island Guam Army tfc with
UMGHD Manila established as tributary to BMP. Army tfc from
Honolulu to Guam and Manila Guam would be handled by Navy on a
common user basis.

Army equip involved in this action at Guam, Manila and Tokyo
has been ordered placed in stand by status pending advise from
your hq concerning future plans for utilization of same.

CINFO has been requested by the State Dept to relay a message from the United Nations that Frederick Maigret, a correspondent for the Agence France Press, has departed France on the Gunboat "La Grandiere" which has been designated to work with the UN Forces in Korean and Far East waters. CINFO understands no prior clearance was arranged for Maigret.

REURAD CX 59419 dtd 5 Aug.

ECA Wash is recommending that Baltic Coasters be retained by ECA under existing agreement with Army and held by ECA in standby status in your area for future use since availability of coal burning coastal vessels for replacement questionable. In event DEPCOMSTSWESPAC develops need for ves they may be withdrawn from loan to ECA and returned to ECA when need has been satisfied.
