Subject is ECA Procurement for Korea.

1. On an overall basis it appears here to be essential:
 - A. To provide all supplies and svcs required by US and ROK troops and ROK civil population.
 - B. To continue ECA Korea in opn so as to provide continuity in our efforts toward Korean relief and rehabilitation throughout pre-invasion, combat and post-hostilities periods.
 - C. To conserve the various appropriations made to the defense dept by utilizing funds already made available to ECA for Korea and funds appropriated to ECA in the future.
2. BOB now has under consideration matter of how future procurement will be handled. Army and ECA have agreed on recommendations as follows:
 - A. Requirements will be divided by commodity so that ECA buys all types of items it can legally buy. When urgency of mil situation requires, defense will of course, as an exception to above rule, buy anything needed. (Note: Your proposal to use Army or MDAP funds to effect all "tactical" procurement comes under this exception provided "tactical" is interpreted to cover supplies the requirement for which is so urgent as to have an important bearing on the tactical situation.)
 - B. ECA will be the sole judge as to the items that ECA can legally procure.
 - C. Within that limitation ECA will expend funds in accordance with need and, when exhaustion of present funds is foreseen, will seek a deficiency appropriation.

FID has been asked for comments and recommendations re SCAP message CX 61262 and OPI Dept of Defense has been consulted. CINFO has not received any word from Echols reference changes in handling foreign national correspondents. After consulting OPI we informed GAFB we were not prepared to concur in plan whereby Washington Documents all foreign correspondents and clear them into the Far East Command. Present policy of OPI is that NME credentials can not be issued to foreign correspondents and neither OPI nor CINFO has present facilities for security clearances required for American Newsmen. Can you give CINFO more information and details of any proposed plan and how your office recommends such accreditation be handled.

This msg in 2 parts ans your rqst for additional armd reinforcements contained in CX 59375, 4 August.

1. Rqmt for 11 tank companys will be met by providing 4 tank bns from civ components to be shipped to FEC when pers are trained. Units will have had indiv tng but will be deficient in unit tng. For planning purposes, availability at home sta estimated January 1951. Insofar as possible units will be equipped with M-46 tanks. These units will be applied against tank co deficiencies T/O & E structure of the 24th Inf, 25th Inf, 7th Inf and 1st Cav Div. They are furnished as bns to preserve the unit designations, but may be employed operationally as cos or as otherwise determined by you.

2. Your rqst for an armd gp of 3 bns is not favorably considered at this time because of:

A. Existing serious shortage of suitable cadres, tank pers and proper types of tanks.

B. Inability of the DA to provide these units for some months to come, at which time the situation may be radically different.

It is insufficient merely to report the amount obligated by Tech Svc. Report should also show the project breakdown under Tech Svc and whether 01 or 99. In addition to this reporting your Tech Svc Chiefs should inform the Chiefs of Tech Svcs in the Dept not only of the character of past obligation but of those contemplated in the future. The funds which you obligate are charged against the respective Tech Svcs and must be defended and provided by them. It is essential that your needs not be twice provided for, once by your local obligation and once by ZI in anticipation of your request. Funds are not sufficient to permit duplication and the Congress intends to hold the Army to a strict accounting for intelligent use of the money it provides.

REUR msg C 61279 and W 89765. Subject is Canadian Special Force of approximately 6,500. Canada insists on additional unit training in favorable climate prior to entry of Canadian troops in Korea as severe Canadian winter makes such training impracticable after 1 Nov. Canada desires earliest possible westward movement these troops for political reasons. We are requesting reconsideration of original Canadian opposition to shipping force direct to Korea for training, but indications are that Canada will maintain this position. Alternative training areas appear to be,

- (A) Within US;
- (b) Okinawa.

Possibility of using areas in US now being explored by this hq. In view above remarks request your comments. Soonest answer required as discussions are now in progress with Canadian Military Representatives.

There are only limited quantities of M 26 tank stocks and no plans for further production. Under consideration is a tank policy with the objective of equip tank units in FECOM completely with M 46 tanks by approx July 51. It is planned:

- A. Stop shipment M 26 tanks your theater.
- B. Allocate avail production new M 46 tanks to you until replacement in all FECOM tank units is effected.
- C. Return all M 26 that become unserviceable and beyond the capabilities of field repair to ZI in avail bottoms.
- D. Supplement M 46 shipments to you with M 4A3 until production allows complete satisfaction your reqts.
- E. Insofar as possible, include in shipment of tank qualified pers replacements M 46 drivers in consonance with (B) above to facilitate conversion your units. Request your comments soonest.

Ref W 89227 dtd 18 Aug. On assumption that Canadian Parliament will approve utilization of Canadian Special Force in Korea and it will subsequently be accepted by UN, discussion has been initiated with Canadian Mil representatives. This Canadian Special Force, based upon present plans, will have an initial str of approx 6500. Unit will be equipped with British-type combat equipment but will probably be furnished US motor trans prior to departure. Unit will draw US rations, fuel and lubricants, and other common user supplies. Repls for combat-type equipment are to be supplied from Canadian and/or British sources. All supplies and services furnished Canadian force will be on a reimbursable basis.

Canada desires to move this unit to FE in Nov 50 for additional training prior to employment in Korea. Assuming you approve the mvmt of this unit to your comd, Canada desires to send an adv party fr this force of 5 offs and 3 EM, headed by Brig Fleury to your Hq by air early in Sep to discuss theatre logistic support. Canada also desires to fol with an adv det to FE of approx 400 pers late Oct 50 for the purpose of establishing adv logistic support. Rqst your comments by 29 Aug 50.

DECLASSIFIED PER JCS LTR OE
20 AUG. 75

Following message dated 22 Aug from USMILATTACHE London to DA is reported for your info:

29th Inf Brig Gp now concentrating in the area Stanford, Norfolk. Departure date UK advised by about 1 month, embarkation to begin about 9 Sep and Brig departs for Korea about 1 Oct. Brig training to be completed after arrival Korea.

1st Bn Argyll and Sutherland Highlanders and 1st Bn Middlesex Regt, after clearing men under 19 and short time national servicemen plan depart Hong Kong for Korea about 26 Aug. Increment of 27th Brig Hq will be command element with Brig BA Good in command. US to furnish support except organic signal. War Office anticipates Bns will be integrated with US Divs now in Korea.

War Office emphasizes this force stop GAF only and that they plan return these Bns Hong Kong upon arrival 29th Inf Brig Gp in Korea. British COFS now discussing implication of announced Australian plan to send Bn from Japan to coincide with arrival British units from Hong Kong. Chiefs trying to determine whether advisable form Commonwealth Brig now. War Office had no advance info this Aussie plan, nor of Admiralty's sudden decision (announced in press today) to send commando force from UK to Korea by air. They have not been advised composition or size commando force or intended employment Korea. However, commander to be Lt Col Drydale and from this War Office considers probable it will be roughly equivalent to an Army Bn. War Office has been strongly opposing Admiralty desire to send commando force from Malaya on basis it would seriously hamper Briggs plan. As previously reported 1st Bn Wiltshire Regt being diverted Malaya to Hong Kong. In addition, 1 Gurkha Eng Neer Sq and Sq 4th Hussars are to be sent

Following United Press report from South Africa has disturbed and annoyed South African Press:

"General MacArthur has turned down South Africa's offer to send a sq of ftr planes to Korea because he needs transport planes rather than fighters, a reliable defense source said today.

"The source said the UN accepted the offer and forwarded it to MacArthur, but the General decided he did not need fighters.

"The Govt has taken no further action to offer alternate aid, the source said."

Can you cable soonest information on above? If above report is not correct, request your reply be in form of denial for transmission to South African Embassy.

DECLASSIFIED PER JCS LTR OE
20 AUG. 75

REURAD 036 of 18 Aug.

Standardized questionnaire transmitted to Thai Govt ref State msg 126 of 14 Aug was prepared by DA to obtain data on which to initiate operational planning re forces offered by UN member nations. DA is aware of certain limitations of Thai forces, but believes problems of initially equipping, continuing logistic support, and tactical employment of Thai force may be reduced if forces offered are regular units, trained and equipped as completely as possible. Since no authoritative information on Thai force is available here, statement of policy on above matters is premature.

Certain of the questions may be difficult or inapplicable to Thai force, nevertheless reply to questionnaire urgently needed here. To avoid any delay, suggest Thai Govt transmit reply piecemeal as answers are developed.

Use of rockets and additional flame throwers might have marked psychological effect. Portable flame throwers M 2-2, mechanized flame thrower kits M 3-4-3 and multiple rocket launchers T 66 avail. Flame thrower kits designed for M 4 series tanks can be installed in M 26 and M 46 tanks by major installation operation resulting loss of 2/3 heavy caliber ammo capacity. Kits can not be installed in M 24 tank. The 2d RA Bn at Ft Sill can organize 1 battery (4.5 inch rocket, truck drawn) under T/O & E 6-87 (5 Jan-49) and could furnish battery, cadre of training teams. Ammo stocks adequate but VT fuses limited. Rest your views on use these weapons and statement of FECOM requirement if any.

CINCPAC receiving many applications for active duty for Res Off with either considerable World War 2 field PIO experience or civilian occupational backgrounds in the info field. Will appreciate detailed estimate for you on additional personnel needed if you are to provide full official teams to add strength where needed to fwd echelons. Estimate should include projected needs during build up phases. Request you specify grades desirable each function. In this connection, we find that many World War 2 officers with field PIO experience are now field grade reserve officers. Present policy does not provide field grade recalls but indication for you that you need officers this category would expedite procurement if policy revised. In listing personnel needs please indicate numbers needed to implement theatre plans for dissemination for the theatre of personnel exploit and hometown stories and pictures and also whether you feel that such publicity can be better disseminated for theatre or for a state-side hometown news center similar to that operated by Navy at Great Lakes.

New Subj: Request all echelons, in publishing lists awards and decorations include wherever possible home addresses in states of persons decorated or of their immediate families or nearest relatives.
