At Annual Conference of Congress Party Prime Minister Nehru got vote of confidence on every major pnt of his policy, notably on foreign relations, Indo-Pakistan relations, and on govt economic controls. Supporters of Deputy Prime Minister Patel, who now control party organization, apparently do not intend openly to challenge Nehru on policy matters but can be expected to strengthen their control over state govts and to select most of partys candidates for countrys first general election scheduled for 1951, URA French reptd considering evacuation of isolated Laokay Group of border posts on Yunnan-Indo China border as result, Viet Minh operations conducted during past 10 days. Sustantial reinf, necessary to hold these posts, would require considerable airlift or major operations up Red River Valley. Although giving up this region would place northwest Tonkin border area under Viet Minh control and open way to Chinese Communist arms delivery infiltrations French would be able concentrate on northeast border and vital rice-producing Red River delta. Still indications of participation of Chinese Communist troops in Viet Minh operations.

President Quirino's recent Cabinet reshuffle, appointing Vice President Lopez Secretary of Agriculture and Natural Resources, may strengthen Quirinos position, however, little improvement in governmental efficiency is expected. Huk activity reportedly increasing.

Brazils October 3 General Elections apparently to be conducted in relatively orderly fashion. Race between Machado and Vargas probably close with Varnas probably winning the popular vote if all votes are counted honestly. It is possible that the administration through control activities, will create a Machado victory if necessary.

Venezuelan Govt investigation plots for armed uprising, led by outlawed AD-Communist groups, which have reportedly smuggled in large quantities of arms. Since Minister of Interior has gone to eastern Venezuela to supervise precautionary measures seems likely Govt regards threat as serious. (CONFIDENTIAL)

1. A. Thai 21st Inf Regt reorganized to conform exactly to US Inf Bn TO&E 7-15 N is unit designated to go to Korea. In addition an administrative Hqs of about 300 offs and men will accompany Bn. This will include Medical, Judge Advocate, Provost Marshal General, Finance, Adjutant General, Quartermaster, Red Cross and Welfare Sections.

B. As no weapons exist in Thai Army chambered for as or British ammo it will be necessary to completely equip Bn in Korea with equipment listed in TO&E 7-15 N. Thai troops are excellently basically trained and disciplined and in top physical condition. I recommend they be sent to Korea and be equipped and receive familiarization training there. Thai troops can take personal equipment of summer uniforms, underwear, shoes, helmets, packs, blankets, shelter halves, canteen, mess equip, hand grenades etc. No winter clothing exists in this country. Winter clothing must be supplied upon arrival in Korea.

C. Thai troops can depart Bangkok for Korea in Thai naval vessels on 15 Oct 50. No US shipping needed. Thai will furnish 1 small gunboat as escort. Troops will be lifted by Thai LST and 2 small transports. Thai Prime Minister has requested Amb Stanton that UN naval escort join Thai convoy when hostile waters are reached.

D. Amb Stanton is exploring Thai capabilities to

reimburse US for initial equip and subsequent logistic support. Representative Thai Army informed me they will need 200,000 US dollars per month to support this Bn in Korea and they do not have dollars.

2. Bn will carry Thai 8 MM rifles and limited supply of ammo which will be returned to Thailand when Thai naval vessels return. Thai Army requested permission to send small Thai Army mission to Japan to consult with SCAP. They further desire small representation on SCAP Gen and Spec Staff for duration of Thai participation. US ration acceptable to Thai. They do desire to explore possibility of future change to an Asiatic rice diet such as Korean troops may possibly be using. Thai Bn comdr and agr staff offs speak English no Thai soldiers speak English.

Part 2: Assuming that suitable agreement will be reached on governmental level for reimbursement, request your comments soonest on desirability of receiving Thai 2nd Inf Regt in Korea under conditions stated above. Can sufficient materiel be furnished from your stocks to make unit effective, assuming that replacements for items in short supply will be shipped from ZL? Sino-Tibetan negotiations in New Delhi on future status of Tibet reportedly making little progress. Talks considered by Chinese to be merely preliminary to later definitive discussions in Peking. India urging Tibetan Mission to proceed to Peking.

In recent defense talks between United Kingdom and Ceylon Govt officials, latter raised question of Joint United Kingdom-Ceylon effort to increase defensive strength of Ceylons Armed Forces to much greater degree than previously planned. Ceylon is interested in bringing US into such joint effort.

Viet Minh has attacked 4 French outposts in 3 widely separated areas. 1 outpost fell but was retaken 2 days later, 1 abandoned, other 2 are still held. Viet Minh trps involved reported to be better trained and equipped than any previously encountered by French. It is not believed that this is full scale offensive, but rather morale building effort and trial of str of Viet Minh trps newly trained and equipped by Chinese Communists. Intensification of guerrilla activity in selected areas will probably precede gen offensive against main French psns in Red River Delta. There is no evidence that Chinese Communist trps are involved.

Present French plans for creation of Vietnamese National Army are considered inadequate to insure genuine security for Viet Nam, relieve French trps for duty elsewhere, or even attract popular support. Wire ~~service~~ stories from Tokyo for last 3 days report column of 200 trucks and 40 tanks moving from Manchuria towards Seoul. Newspapers giving this big play. Since no official communique has mentioned this report, we have answered queries that there is no evidence of such a column. Wire services insist this information come from an Intelligence Officer in Tokyo GHQ. Request earliest information, official or communique, you can send on this matter.

New Subject: Wire services from Far East also make big play which is carried in all papers in United States to effect that "Southern Perimeter has collapsed," North Koreans fleeing in rout," etc. We have no indication this is correct. From all reports on the contrary, North Koreans are still putting up stubborn resistance in many areas on Southern Perimeter. Request we be informed at first indications of collapse, if it should occur, and guidance to press representatives in theater to correct excessive optimism.
