New York Daily News Reporter Ruth Montgomery, Washington 12 Dec: Formosa-the last Nationalist China stronghold-must be kept out of the hands of the Reds at all costs, even if it means sending US troops there, Senator Homer Ferguson declared today. Gen MacArthur and other military leaders through the Far East agree that Formosa must not be allowed to fall to the Chinese Reds, the Michigan Senator said at his first Press Conference since his return from a round the world congressional investigation. Asked what the SCAP in Tokyo had said about it, Ferguson replied: "Of course I would not like to quote the general. He can speak for himself. But he was in general agreement with me that Formosa must be saved at all costs."...

Washington Times Herald 14 Dec: The Army yesterday established a standard policy against prostitution and ordered all Commanding Officers in the United States and overseas to take disciplinary action against everyone in the Army fostering or condoning prostitution.

of Staff, has ordered overseas commanders to report by cable on an "urgent" basis all International incidents involving American military or civilian personnel....The reports will be handled by the Army's Plans and Operations Division of the General Staff in the Pentagon. The State Dept takes charge normally in conducting negotiations with foreign governments concerning the "incidents".

Chicago Tribune, Reuters Tokyo 13 Dec: Lt Gen Alfred M Gruenther, American Deputy Chief of Staff and Army Dept Chief of Plans and Operations, left here by air for the US today. He had visited Pacific Army installations.

Chicago Tribune Correspondent Walter Simmons, Tokyo: Gen MacArthur has restored nearly \$52,500,000 in identified looted property to 6 nations since the Japanese surrendered it was learned today....

Washington Star Correspondent Ray Falk, Tokyo 14 Dec: Americans often have wondered what the Japanese really thought of them. Now that they have found out, they don't seem to like it a bit....Mrs Teru Mogi, a wealthy Japanese housewife, told off the wives of American officers. She complains that but for a few exceptions, Americans close their houses to Japanese refusing to associate with them....

New York Times Editorial 14 Dec: From Manila the AP quotes an official source as saying that the Philippine Govt has been informed that the US will "take positive action to counteract the Communist threat to Formosa." This information the source adds, is "very assuring to us." But in Washington the State Dept's press officer Mr McDermott tells reporters that he does not know what the Manila report of "positive action" is based on and can't find any official who gave such information to anyone in the Philippines. It is not difficult to understand why the Philippines should be concerned about this matter or why they should find the report of US action assuring. Occupation of Formosa by Chinese Communists would constitute a direct potential threat to the Northern Philippines....

Baltimore Sun, AP Taipei Formosa 12 Dec: The Chinese Nationalist Govt was authoritatively portrayed tonight as ready to make immediate drastic reforms on Formosa to earn American economic and diplomatic assistance in holding this island fortress against the Communists. This word came from a high source which may not be named but is close to Generalissimo Chiang Kai Shek. The renewed and joyful Nationalist talk of aid crew from unofficial Wash report that the US was prepared to give economic and diplomatic support for the retention of Formosa....

Philadelphia Inquirer, UP Detroit 12 Dec: Undersecretary of the Army Tracy S Voorhees said today that Gen Douglas MacArthur believes Japan is now entitled to "restoration to the position of self respect enjoyed by a sovereign nation." Voorhees, recently returned from a tour of Japan said Mac Arthur did not specifically recommend ending the occupation but said the time has come when "we can trust the Japanese."

New York Times, AP Manila 10 Dec: A visiting US Military Mission has worked out plans to arm and equip a combined Philippines Armed Services and Constabulary force of 45,000 men, reliable sources reported.... Wash Star, Naha Kadena Air Base Okinawa 9 Dec: Okinawa's strategic importance to the US is growing....Most American Air Officers here want us help defend Formosa. Besides being a vital link, it could aid in feeding Japan in an emergency, these men feel. But according to the best avail information, America will not help Formosa nor South Korea in case of attack. Our military men believe North Korea could conquer South Korea by a frontal attack coordinated with uprisings in the South....South Korea is working on a shoestring. She has the manpower, but depends on the US for equipment... The South Korean, trigger happy as ever, are eager to march northward if only the US would give the word...The building program envisaged for Okinawa is more extensive than that for Guam. Gen MacArthur's Chf Engr and other experts from Wash are here now drawing up plans for the island....

Chicago Tribune correspondent Walter Simmons, Yokoham 10 Dec: The Eighth US Army, rated as only 15% combat efficient a year ago, has become a formidable fighting force due to a strenuous training program, a spokesman said today. This source said the Army, now almost fully relieved of it's occupation duties and converted into a "benevolent protective garrison" with no control over the Japanese, would be "able to take care of just about any emergency" by spring....

Philadelphia Inquirer, AP Taipei 12 Dec: The Chinese Nationalists were overjoyed today at unofficial reports the US was prepared to give economic and diplomatic support to their defense of this island fortress against the Communists....

New York Times, Washington 9 Dec: The Navy moved today to strengthen its Pacific fleet. It ordered the transfer of 1 heavy cruiser from the Atlantic and assigned to the area an anti aircraft cruiser that was to have been laid up. The redistribution of vessels was announced 48 hours after Admiral Forrest P Sherman... declared publicly here that he had been concerned over the "weakness" of the Navy in the Pacific. Ordered to the Pacific were the heavy cruiser Rochester and the anti aircraft cruiser Juneau....

New York Times, Tokyo 9 Dec: The economic rehabilitation of Japan has progressed far enough to make Japan well worth a careful study from an investment point of view, according to William H Draper, a Vice President of Dillon Read and Company of New York who visited this country last as Undersecretary of the Army. "It is hard to believe the progress made since I came here early in 48 with our economic mission," he said today. . . . Mr Draper denied he had come here with any special deal in mind, holding that the time is not yet ripe. . . . Mr Draper is the highest ranking former govt official to return to Japan as a business man.

New York Times, Wash 9 Dec: Gen Douglas MacArthur today bespoke voluntary US aid to the new democratic education of Japan in a message to the National Defense Conference on the occupied countries. . . .

Washington Post Reporter John G Norris 11 Dec: Okinawa. . . . will become the major American bastion against Communism in the Far East. The US Govt, it is learned, has decided definitely to retain control of the Strategic Island either permanently or indefinitely, after the occupation of Japan ends, and rebuild it into an important military base. Rehabilitation and modernization of the key outpost will begin immediately, under a \$48,000,000 appropriation voted in the closing hours of the last session. . . the plan provides for all 3 services to have forces and facilities at Okinawa.. Decision to retain and rebuild the wartime base will assure the nation of a strong outpost in the Western Pacific after the Japanese occupation ends, regardless of what happens to Formosa. . . .

New York Times Correspondent Lindesay Parrott, Tokyo 10 Dec: The Japanese Govt is again facing an explosive situation, which has been held in abeyance since the conservative regime dismissed thousand of surplus public workers earlier this year. . . . The issue is the demand of govt workers for a raise in the basic pay

Washington Post, AP aboard Lakeland Victory off Tientsin 12 Dec: Angus Ward and his staff 1f 19 US Consulate members were freed from Red China to this ship to haven today. . . . Ward told newsmen he had suffered "Hellish treatment" from the Chinese Communists in Mukden. . . .

Chicago Tribune, UP Washington 8 Dec: Soviet charge
d'Affairs Vladimir Bazykin charged before the 11 Nation Far
Eastern Commission today that Gen MacArthur used, "Dis-
criminatory action" to block Japanese contacts with Eastern
Europe. He told the Commission, the Allied Policy Making
Body for Japan, that MacArthur permitted Japanese advisors
to accompany Allied Observers to trade conferences and other
meetings here, at Geneva and other areas in the Anglo American
sphere of influence. ...

Washington Post Reporter Ferdinand Kuhn 9 Dec: Military
and political policy makers here have firmly ruled out any
idea of an American Occupation to keep Formosa out of Com-
munist control. The big island is expected to fall like an
overripe apple into Communist hands, and through its own in-
ternal decay, rather than through able Communist invasion
from the Chinese Mainland, miles away.... The military job
of occupying and holding Formosa and of feeding its hungry
millions, would be more than the United States could safely
undertake, in the opinion of military policy makers here....

Washington Times Herald, UP Hong Kong 8 Dec: The
Nationalist Govt abandoned the mainland of China today.
Premier Yen Hsi Shan and his cabinet set up a govt in exile
on Formosa, leaving the Communists in almost undisputed con-
trol of all China. The govt begins functioning Friday. ...

(Above 2 stories carried on front of all Metropolitan Press.) Washington Star Columnist Henry McLemore 9 Dec: Private opinions made public: The chance of Gen MacArthur's seeing this request is very remote indeed, being as I don't have an outlet in Tokyo, but I pray that he does. This is the request: General, take time off some morning and give the United States your opinion of what should be done regarding China and Formosa. You are the only American who knows enough about the conditions today to advise this country what should or should not be done about them. What you say, people will listen to. If we should abandon China to the Communists, tell us so. If we should make an effort to prevent Asia from being overrun by Moscow, tell us so. Despite all the petty things which have been said about you, your word is tremendously respected in this country. Millions of us think you are one of the greatest Americans who ever lived and we would welcome having you suggest what we should do about one of the greatest problems of today. . . .

Washington Star Columnist Constantine Brown 8 Dec: United States reported in same frame of mind as it was just before Pearl Harbor... Gen MacArthur looks at the situation realistically and is said to fear a Soviet coup. His efforts to obtain improvement in the strategic and tactical situation in the Pacific have been without result. . . .

Washington Times Herald 8 Dec: Adm Sherman yesterday said he is trying to strengthen the Pacific Fleet which he said has been weakened by recent cuts, but he predicted further slashes in non combat Navy operations. "I am concerned over the weakness of the Pacific Fleet, Sherman told a National Press Club luncheon, I am looking to bolster the fleet there with the resources available to me."

Washington Times Herald, UP Portland Oregon 7 Dec: Gov Stainbeck of Hawaii said today in a Pearl Harbor Day Anniversary broadcast that submarines have approached Hawaii "And I think they could only be Russian."

New York Times, correspondent Burton Crane, Tokyo 7 Dec: A strong plea to occupation authorities to grant him just a little more administrative freedom while retaining their general supervision over broad policy was made today by Finance Minister Hayato Ikeda in an interview. . . . Mr Ikeda has been characterized by occupation economic officials as the best finance minister Japan has had since the War. . . .

a hard Peace for Japan. . . . Talk of a soft Peace for Japan arouses the bitterest resentment here. And the Filipinos believe that America wants a soft Peace. In the Manila press and among Filipinos generally one time hero worship of Gen MacArthur has turned into bitter criticism of his occupation policies. They say he has been too lenient, that he has done more for conquered Japan than for the liberated Philippines. . . . The United States attitude seems to be that while the Philippine view is understandable, anything that comes out of Japans pocket will eventually have to be replaced by Uncle Sam.

New York Herald Tribune, reporter Homer Bigart, Washington 7 Dec: Sec of State Dean Acheson announced acceptance today of Communist terms for the release of 2 Americans held captive since Sep in Soviet dominated North Korea. . . . On the pressing issue of Formosa, Sec Acheson added nothing to his statement that the future of the island was being studied. . . . However, the final decision may be made by President Truman, and much will depend on the amount of pressure that can be generated by congressmen returning from tours of the Orient. General Douglas MacArthur reportedly favors American occupation of Formosa, believing that Communist seizure of the island would endanger the American line of island bases from Japan through Okinawa to the Philippines. . . .

Chicago Tribune, Reuters 6 Dec Tokyo: Japan is planning an intensive American financed drive in its shipyards to rebuild its war shattered ocean fleet and regain its place as a major maritime nation. . . . Heitaro Inagaki, Commerce Minister, told Parliament he had received permission from Gen MacArthur to use these ships to carry Japanese goods as soon as they are ready. . . .

New York Times, UP Hong Kong, 6 Dec: The Chinese Nationalist Govt today rejected a strong United States protest against the shelling of United States Merchant vessels that try to run its blockade of Chinese Communist ports. . . . Mr Yeh said that a safe conduct had been granted to the Pacific Far East Line merchantman Lakeland Victory to go to Taku Bar off Tientsin to bring out United States Consul General Angus Ward of Mukden and his staff. But he warned Mr Strong that United States blockade runners- specifically the ships of the Isbrandtsen Company of New York- must suffer consequence if they tried to evade blockading Nationalist warships. . . .

New York Herald Tribune Reporter Homer Bigart, Washington 6 Dec: The North Korean Communist Regime offered to release 2 Americans, Albert Willis and Alfred T Meschter . . . both officials of the ECA who have been held by the Communists since Sept 22. But the North Korean radio, in a message to the American Embassy at Seoul, specified that an accredited representative of the Embassy with full "power of attorney" to receive the 2 men must come to a rendezvous point to take them. . . . The State Dept said tonight it was waiting comment from United States Ambassador John J Muccio who was in better position to appraise the message for sincerity and intent. . . . The United States is expected now to concentrate efforts on seeking the freedom of Will C Smith and Elmer C Bender, 2 Navy flyers who have been held in Red China since their plane was forced down on a routine training flight more than 13 months ago. . . .

REOURMSG W 94022 of 8 Sept and URMSG C 52663, 23 Sep 49, State Dept has requested fol ltr from Korean Ambassador (Verbatim Text) and substance of State Dept reply be fwd'd for your info.

"Mister Niles Bond, State Dept, Wash, DC. Dear Mister Bond:

"As you may recall, we have had several conferences with Mr John Williams, Mister Noel Hemmendinger and others of the State Dept regarding Korean claims for vessels which are now in Japan. The conferences have not brought any concrete results, but the ultimate solution is still pending, as these gentlemen will testify. Nevertheless, I have been considerably disturbed by reports from Mister Kim Yong Joo, President of the Korea Steamship Company, who participated in the Wash Conferences, and who is presently in Tokyo. Mr Kim has informed me that the SCAP authorities in Tokyo have told him that I, as Ambassador of Korea, have indicated to US State Dept officials that Korea may forego its claims for vessels which were in Korean waters on or after Aug 9, 1945. Mister Kim adds that this information, according to SCAP officials, has been rec'd by them from the State Dept."

"This view of my position, as indicated to Mr Kim by SCAP officials, is completely inaccurate. On the contrary, in all these conferences, I have persistently maintained the Korean claim for the return of vessels which were in Korean waters on or after Aug 9, 1945, as the State Dept officials who participated in the conferences will testify."

"I would appreciate it if you would clarify this matter with SCAP authorities as soon as possible." Sincerely yours,
John M Chang, Korean Ambassador.

Paraphrased reply on Mr. Nilas Bond, officer in charge of Korean Affairs, as follows: Mr Bond confirmed Dr Chang's statement that the latter had consistently maintained the Korean claim for the return of vessels which were in Korean waters on or about Aug 9, 1945 and stated the Dept of State was taking steps to be sure the SCAP was correctly informed as to the Korean position.

New York Times, Washington 5 Dec: The Air Force disclosed today that it had diverted \$50,000,000 from other projects to start immediate construction, most of it in the vital Alaska defense area, of a radar aircraft warning network designed to protect the country from enemy air attack. . . .

New York Times Reporter James Reston, Washington 5 Dec: The United States Govt is informing other govts privately that it will not consider recognizing the Chinese Communists as long as there is any effective organized resistance by the Chinese Nationalists on the mainland of China. . . . What is not yet clear is what the Truman Administration will do if the Chinese Nationalists attempt to establish their govt on the island of Formosa. . . . It is not regarded as a mere coincidence in the Capital that visiting Senators at Gen Douglas MacArthur's HQs have been coming away with the impression that Formosa should be reinforced by United States troops and retained under Gen MacArthur's command. Since the United States Govt is committed under the United Nations charter not to use force or the threat of force to settle its disputes, some officials here feel that it would be difficult for the United States to occupy Formosa without the sanction of some organ to the United Nations. . . .

New York Herald Tribune Editorial 3 Dec: The decision of the JCS that Formosa is not of vital strategic importance to the United States should end serious debate over any American military commitment on the island. There are reports that Gen MacArthur and some other military leaders doubt the wisdom of the decision, the Joint Chiefs, who are deeply concerned with the dangers caused by the spread of Communism in Asia, are the best judges of the risk involved and of the possible results. It seems reasonable to accept their opinion that a costly adventure in Formosa, which might result in direct involvement in China's Civil War, should be avoided. Whatever strength might have been used on Formosa can well be assigned to bases on Okinawa and in the Philippines. . . .

Washington Post Editorial 3 Dec: Just back from a 6 week tour of the Far East, Senator Alexander Smith has turned up with the rather pat proposal that United States military forces occupy the island of Formosa. . . . Unfortunately the Senator has ignored all the realities of the situation itself and all the implications of so reckless an undertaking. . . . American occupation of Formosa would be precisely the kind of expansionism which of the part of the Soviet Union, has been so menacing to peace. It would run directly counter at once to the international obligations and the real interests of the United States in maintaining a peaceful world. We cannot afford to sacrifice the confidence of our partners in the United Nations by any such rash action.

1. Japan's 1 Nov soy bean stocks plus anticipated indigenous collections Nov 49 thru Feb 50 should provide sufficient supplies to cover requirements thru April 50. This ignores arrivals of soy beans against your contracts with Far East Suppliers. In view of above FAOA is not programming soy beans ex United States for 3d quarter delivery unless you advise further. Suggest consideration of advisability of 4th quarter program in Feb.

2. No sugar can be made available out of Cuba until March, for delivery Japan April earliest. It appears, therefore, that immediate action should be taken to procure sugar from areas under trade agreements and to expedite shipments from Formosa by sending representative there and possibly offering to pay up to 10% in dollars for each lot delivered. This dollar cost could be paid out of GARIOA or SCAP funds. Howard C Rife, Inc will probably approach you with offer of 30,000 mtens Formosan sugar obtained on barter deal for machinery. Reluctant to release GARIOA funds for this sugar because such a dollar purchase would undoubtedly jeopardize your future sugar procurement from Formosa on barter basis. Special attention should also be given to obtaining maximum quantities of black sugar from the Ryukyus.

3. Will advise later re your request for copra.

Mr Knowland knows what ought to be done. Like Sen Smith he would make Gen MacArthur High Commissioner for Far Eastern Affairs, coordinator of American Policy. But since Mr Knowland added that he was convinced that we have overall Far Eastern Policy, the General's duties might be more than those of a coordinator...

Baltimore Sun, AP New York 1 Dec: Hans J Isbrandtsen, shipowner, today accused Dean Acheson of "callously" waiting for the loss of American lives in the Chinese Nationalist blockade. This was Isbrandtsen's most vigorous criticism of the State Dept since it ruled the nationalist blockade unlawful, but declined to ask the Navy to intervene. ... There was no immediate comment in Washington from Acheson but a spokesman for the State Dept noted that Acheson previously has praised the "prudence, wisdom and perceptiveness" of those ship companies which have kept their vessels away from the Shanghai vicinity.

New York Herald Tribune reporter Homer Bigart, Washington 1 Dec: The Joint Chiefs of Staff have decided that Formosa is not of vital strategic importance to the United States, and the State Dept consequently is prepared to see the island lost to the Chinese Communists, it was learned today. However the view of the Joint Chiefs of Staff is not accepted by a number of highly placed military leaders, including Gen of the Army Douglas MacArthur. The issue was brought into the field of public debate today when Senator H Alexander Smith, Republican of New Jersey indicated that General MacArthur believed that the island should be invested by American troops as part of the occupation of Japan. ... Loss of the island to the Communists would "threaten the American life-line of island bases from Japan through Okinawa to the Philippines," Senator Smith said, adding that Gen MacArthur

agreed with this view. ...Senator Smith also proposed that Gen MacArthur be put in charge of Amayan policy throughout the far east. He asked that Gen MacArthur be given complete authority not only in military matters in that area but also direction of the "Ideological War." ...

Above story appeared as front page story in all Metropolitan papers.

Washington Star, AP Tokyo 1 Dec: 4 world touring American senators arrived today with some frank criticism of American Foreign Policy. In interviews on their arrival by plane to visit Gen MacArthur to obtain facts about Japans place in the world picture, they said: Senator Jenner, Republican of Indiana-"we have no foreign policy in the far east- none at all ...we cannot fight a cold war in one part of the world and completely ignore a hot war in another." ...

Washington Post, AP Honolulu 1 Dec: Representative A L Miller today quoted Gen Douglas MacArthur as saying he would go home "as soon as the Japanese Peace Treaty is signed." Miller said MacArthur is homesick. ...

Washington Star, 2 Dec: Army Undersecretary Tracy S Voorhees left for Japan for consultations with Gen Douglas MacArthur, the Supreme Allied Commander. Mr Voorhees left yesterday, accompanied by Lt Gen Alfred M Gruenther, Lt Gen Edward H Brooks, and Col C Stanton Babcock of Gen MacArthur's Hqs. The Army said the trip is being made pursuant to the policy announced during Mr Voorhees last trip to Tokyo of frequent personnel interchange of views between the Department and the General.

Dec first issue of New York Journal of COMMERCE contains fol item which Wash cabled to that trade paper fr Tokyo on 30 Nov:

"Japan shipping freed of controls on speeds, tonnage.

Restrictions on tonnage and speed of new Japanese ships have been lifted, Prime Minister Shigeru Yoshida told the Upper House of Parliaments Bud Committee yesterday. He added that a considerable number of new ships would soon be constructed with the aid of loans fr the counter part fund made up by the yen proceeds of the sale of US aid supplied to Japan.

George Meyer, Chief of Gen Douglas MacArthur's Hq bldg VR Bc, confirming this said the Supreme Allied Comd had earlier fixed limits of 6,000 tons and a speed of 15 knots on new ships pending decision by the FEC on limitations.

These had not been recd Meyers said and the restrictions were now being lifted. On reparations, Premier Yoshida told the committee dismantling might be halted in Japan on similar lines to that in Western Germany."

This rpt insofar as it deals with removal of shipping restrictions has resulted in numerous inquires. Would appreciate info soonest on which to base replies to such inquiries.

Philadelphia Inquirer, UP Washington 30 Nov: Gen J Lawton Collins disclosed today the armed forces had agreed on joint defense plans to provide "adequate" security for the far northern Bastion of Alaska, the United States territory closest to Russia. He made the statement at a news conference at which he also reported the Army was giving "serious study" to the possibility of using atomic bombs as a tactical weapon against enemy ground forces. . . . Collins statement about Alaska was a reply to recent charge by Alaskan Gov Ernest Gruening that the territory was "practically defenseless." . . .

Washington Post Reporter Ferdinand Kuhn, 1 Dec: Secretary Acheson announced yesterday that the United States would continue a hands off policy toward the Chinese Nationalist blockade of Communist held ports. He said the blockade was clearly illegal and the shelling of the freighter Sir John Franklin on Monday was a serious matter. Still he told his press conference, the United States does not intend to use its Navy to protect American ships that run the blockade. . . .

Washington Star, AP Tokyo 30 Nov: 7 touring American Congressmen flew into Japan today, not according to plan. An engine fire grounded their plush plane and they came in on a regular troop carrier plane with bucket seats. . . .

Gen MacArthur said the action means Japan will put exports on a private basis starting Friday. . . . Until now, exporters have had to go through dozens of occupation hq and Japanese Govt sections.

Radio Commentator Gabriel Heatter, MBS 30 Nov: Public opinion in America is boiling tonight over the 2 American fliers held by the Reds. Relations between this country and Red China grow more tense every day.

1. En route to Wash Mr Vickery discussed with Mr H H Warner, Director of Extension, University of Hawaii, Hon, possibility of obtaining 2 or 3 agricultural extension workers at Grade P-5 for the Mil Govt Teams and head for Extension C, Grade P-6 for the Ryukyus Mil Govt Food and Agriculture Dept.

2. The primary advantages in obtaining agricultural specialists from Hawaii are that those recommended for the team level are Japanese speaking individuals of oriental descent who are familiar with oriental customs and practices and at the same time they are carrying out in Hawaii, where agriculture is in many ways similar to that in Ryukyus, a program of increased food production, better methods of marketing, etc, based on American concepts.

3. Mr Warner is anxious to cooperate with the Dept of Army in improving the food and agriculture situation in the Ryukyus and it is recommended that RYCOM cable Warner soonest your requirements for personnel in the field of agriculture which you would like filled from Hawaii.

4. We will be glad to make whatever arrangements with the USDA, Wash, that you find necessary to obtain such personnel.

Wash Times Herald Reporter Lloyd Norman 30 Nov: Secret firing tests of atomic weapons, believed to be more powerful than those tried in the spring of 48, will be held at the restricted atomic proving grounds on Eniwetok Atoll in the mid-Pacific the Defense Dept and the Atomic Energy Commission announced last night....The tests will be conducted by a joint Task Force headed by Lt Gen Quesada, veteran fighter pilot and wartime leader in Europe of the 9th Tactical Air Comd.....

Wash Star, AP Tokyo 29 Nov: Prime Minister Shigeru Yoshida said today that Japan neither needs nor wants an Army or Navy but Yoshida made the remark to Willie Mahoney OD Portland Oregon who served as Deputy Chf Prosecutor during the War Crimes Trials. Mr Mahoney had lunch with the Prime Minister and told of his remarks later....Yoshida added that "Japan is America's front line of defense. The American people can depend on the fact the Japanese people will keep the faith." Yoshida also insisted there is no military underground in Japan.

Wash Star Columnist David Lawrence 30 Nov: ...The US has virtually abandoned the defense of the North Pacific. This means that control of the seas in and around Alaska has practically surrendered already....

Wash News Editorial 29 Nov: Who is Dr Jessup?...Dr Jessup held various positions in the Institute of Public Relations... He was in close association with such well known left wingers as Anna Louise Strong, Guenther Stein...He was one of 12 signers of a letter in the New York Times Feb 16th 46 urging the US to suspend the manufacture of atomic bombs following appointment of the UN Commission on Atomic Energy....Dr Jessup was a character witness for Alger Hiss....Here at best we have the picture of a confused Liberal feeling his way around in circles and often finding himself in questionable company. Certainly it is not the record of a man who should be chosen to formulate anything of such tremendous potentialities as an American policy for the Far East. Imagine sending a Dr Jessup to preside over a conference on Far Eastern affairs at Bangkok when we have a man like Gen Douglas MacArthur in nearby Tokyo. If this is the way American foreign policy is being made, God save us from the Russians.
