Stipulated policy of the DA in CPR P2.6-1 is to afford equitable treatment all employees in personnel transactions including pay adjustments. GHQ FEC has consistently enforced this policy through the application of similar wage schedules and rates to employees paid from appropriated and non-appropriated funds alike. Complete uniformity of treatment in practically all phases of personnel administration exists between these groups of employees in the Far East Command and must be maintained due to identical living and working conditions. Employees supported from both funds frequently work alongside each other, particularly in Special Services and TIE activities. Occasional changes occur which require transfer of employee from non-appropriated to appropriated funds. Unless permitted to convert at the same step rate, employees with the longest service would lose advantage of accumulated within-grade promotions. Current FEC regulations permit transfer of employees from appropriated to non-appropriated funds in the same step rate. Request approval for appointment of personnel at advanced in-hire rate equivalent to present salary when effecting conversion without change in duties from non-appropriated to appropriated funds, when transfer is for convenience of the Government.

M/R: Inst rad requests DA appvl for the appointment of pers presently paid from non-appropriated funds to appropriated funds at an advanced in-hire rate equiv to their present salary. Appvl of this req would permit this Hqs to effect conversions from non-appropriated to appropriated funds for the convenience of the government without penalizing the employees who have earned within-grade promotions. This problem comes up periodically when SS transfers employees in order to utilize their appropriated funds to the greatest possible extent.

M/R: 1. WCL 35316, 31 Jan 50, re-submits request of Martin to import two years supply of cigarettes, whiskey and soap into Japan, stating that due to limited funds and salary payment in yen, Martin desires to purchase these articles prior to departure for Japan. Msg also requests entry for Robert J. Farley, Remington Rand, Inc. technician to proceed Japan for six months to inspect U.S. manufacturing facilities.

2. Martin has previously been informed that OSS facilities are available to him. If these articles are for his personal use and conditions do not permit him to avail himself of the OSS facilities, no objection is perceived in informing him that importation is a matter of Japanese law and that he would have to pay taxes on the articles. 3. WCL 23575, 14 May 48 states that MC, DC, and VC offs who are on AD by virtue of ASTP tng or those who were deferred fr mil svc during WWII for purpose of pursuing course in medicine, dentistry or vet medicine may be sep'd from svc UP existing criteria, that norm tour of dy is 24 mos and that WCL 41027, 28 Nov 47 will apply to such offs.

4. DA rad WCL 34546, 25 Apr 49 states MC, DC, and VC offs "will be released in ZI on normal date of sep which is construed to mean upon compl of Cat commitments less accrued lv unless such offs vol to remain longer."

5. SR 135-215-5 rescinds WCL 33631 and Sec II, DA Cir 27 (which pertains to vol Cat statements incl sep of offs upon compl thereof) but fails to clarify curr policy other than to state that offs who do not qual for new Cat or who do not desire ext of AD "will be sep'd upon exp of their curr tour".

6. CINCFE rad Z 34573, 13 Jan 50 rqsts confirmation of intrp to effect that off elig for sep may elect (1) sep in adv of exp date of Cat commitment by not to exceed nbr of days accrued lv to his credit in which case lump sum pmt may be drawn for such lv not in excess of 60 days or (2) remain on AD until exp date of Cat and draw lump sum pmt for up to 60 days accrued lv remaining to his credit.

7. DA rad WCL 35079, 27 Jan 50 states provs WCL 41027 NA to offs who signed Cat commitments UP DA Cir 27, 1948 and SR 135-215-5 1949 or those offs who EED subsequent to 1 Mar 48. Off who entered AD prior to 1 Mar 48 and who did not sign new Cat UP above cited directive may be sep in adv of exp date of cat commitment by not to exceed nbr of days accrued lv to their credit in which case lump sum pmt may be drawn for such lv not in excess of 60 days. WCL 41027, 27 Nov 47 is rescinded eff 1 Mar 50".

8. Inasmuch as MC, DC and VC offs have previously been given preferential treatment (WCL 34546, 25 Apr 49) and no ref is made to such pers in WCL 35079, inst msg specifically rqsts confirmation of assumption that WCL 35079 applies equally to MC, DC and VC offs as all other off pers. If assumption correct, it will permit retention of MC, DC and VC offs in FEC for an additional 30 to 60 days. Med Sec (Lt Col Baulerson) and AG Off Br (Maj Rowan) concur.
