Rom
W. A. BEIDERLINDEN
Major General, GSC
Asst Chief of Staff, G-1

Copies to: C/C, C/S, G-2, AG, AG Opns Div, AG Misc Br, PH&W, Surgeon

M/R: The FY Visiting Expert Program included a 5-man Dental Mission, the members of which were to be nominated by Dr. Philip D. Adams, President of the American Dental Assn. WCL 46018, 29 Sep 50, submitted the names of 7 Doctors nominated by Dr. Adams, their quals, and rqstd clearance. Z 19004 in reply stated that clearance was granted any of the 7 indivs mentioned but that the Mission as originally rqstd was limited to 5 members and only sufficient funds were rqstd to cover this number. Msg further rqstd that Dr. Adams be asked to submit the names of 5 indivs qual in the 5 fields for which their svcs desired. G-2 (Mr Tanao) has no derogatory info on any of the 7 names submitted. DA 30816 furn the names of the 5 Doctors who will comprise the Dental Mission. All were previously cleared. Inst msg concurs in noninations and advises 1 July date satisfactory. PH&W (Col Johnson) concurs. D C/S, SCAP, appvd, 10 Apr 51, ref C/N 2 fr G-1 to C/S, Subj: American Dental Assn Mission for Japan, 9 Apr 51.

Z-48144

For SAOO FAOA. Urmsg DA 28967 Mar 51.

Japanese imports of copra are handled on a private trade basis and import licenses are not repeat not validated by SCAP. Under private trade no attempt is made to control prices paid by individual importers as it is considered that importers should be permitted freedom to pay prices which are commercially feasible. Furthermore, it is not considered desirable or feasible for either SCAP or the Japanese Govt to attempt to impose any price limitations on imports made on a private basis under regular commercial conditions. From 20 Oct 50 copra imports have been handled under the Automatic Approval System and import licenses granted subject only to overall limitation of funds under each funding category. Imports were authorized from dollar area principally to cover imports from Guam and it was not anticipated that offers would be received from United States. During Jan and Feb exports of copra from the Philippines direct to Japan were restricted by Philippine Govt because of provisions under existing trade agreement with Japan which resulted in condition outlined in urmsg. Restriction regarding export of copra to Japan was removed when Trade Plan was revised on 3 March 1951. For your info copra will be handled under the Automatic Approval System during Apr-Jun. However, no dollars have been budgeted for the import of copra from United States during this period.

LEAD FOR RECORD:

RWH/CCC/LCB/TEV/FLF/rk
5 April 1951

1. Reference is radio DA 26987 dated 28 Mar 51, subj: Copra.
2. Incoming radio, reference 1, stated that it had been reported to a U.S. Senator by a constituent that approximately 20,000 tons of Philippine copra either had been negotiated or was under negotiation at \$320 per LT, which is \$40 above price paid for copra purchased through the Open Account, for export to the U.S. and re-export from the U.S. to Japan. The freight amounted to \$25 per LT from a Pacific Coast port to a Japanese port. These negotiations were all since 26 Jan and apparently were circumventing the Philippine-Japan Trade Agreement. The radio expresses the opinion that such negotiation would upset the copra market as well as shut it off from U.S. buyers. The question was further raised as to why SCAP would permit the Japanese to pay such premiums and use scarce freight space.
3. Para 1-d of the old Philippine-Japan Trade Agreement provided for the importation of all items on the Trade Plan up to but not to exceed the corresponding amount indicated for each item. Copra had been imported up to the ceiling provided in the Trade Plan by Jan 51 and export licenses for Japan were stopped by the Philippine Government pending amendment or revision of the Agreement. Approximately 20,000 LT of copra, amounting to \$6,761,000, was authorized for import in the manner indicated in reference radio. This copra was all from one supplier in the Philippines, namely, Pacific Vegetable Oil Corporation.
4. As a result of the Philippine Trade Review Conference a new Trade Plan was adopted on 3 Mar 51 which eliminated the ceiling limitation on individual items.
5. Outgoing radio states that from 20 Oct 50, copra has been subject to the AAS under which import licenses are granted subject only to the overall limitation of the funds allocated to each country; that the amendment of the Philippine-Japan Trade Plan on 3 March 51 eliminated the ceiling limitation on Philippine exports to Japan; and that even though copra would still be under AAS during the April-June quarter, import licenses will not be issued for import from United States. It further states that import of copra is on a private trade basis and import licenses do not require SCAP validation.
6. Concurrences: ESS/FIN - D. F. Reeves
ESS/PD - G. Dolgin

Z-48105

For G1 and ANWGS-P. Msg DA 29719, 30 Mar 51, re dependant travel to Japan for short visit while sponsor on leave. This msg in 3 parts.

Part 1. It has been found necessary to prohibit entry of dependents into Japan in any status, such as tourists, houseguests or DACs. Mr. Strasser not repeat not a dependent. His entry was within policy governing travel of tourists. Neither new policy involved nor is clearance of Mr. Strasser in conflict with provisions of CINCFE rad ZX 39305, 16 Feb 51. The visit of a dependent with a principal is an entirely different matter than the visit of a relative other than dependent.

Part 2. Re part 2, cited DA rad, following considerations militate against repeat against visits of depts while sponsors on leave:

CINC

a. Very few requests have been received from individuals in the status of Mr. Strasser to visit sons or other relatives stationed in Korea. A greater number of requests to extend similar privileges to dependents has been received and the volume would increase were a policy adopted favorable to visits by dependents. The special arrangements for individuals such as Mr. Strasser require unusual use of communications and transportation, but the infrequency of these cases result in negligible impact on such facilities. A sizeable and steady volume of cases involving dependents would, however, cause serious impact.

b. Visits from dependents would be limited generally to those principals whose finances would permit. Such a policy which is applicable to a relatively small percentage of principals affected cannot be considered equitable.

c. Should the privilege of short visits be granted to dependents of personnel in Korea, equality of treatment would dictate similar privileges for depts of individuals stationed in Japan. This is not repeat not possible.

UNCLASSIFIED

UNCLASSIFIED

FROM: CINCFE TOKYO JAPAN TO: DEPTAR WASHDC GA/DSD JAN/bj Date: 7 Apr 51

Part 3. Provisions of ZX 39305 remain in effect. Therefore clearance not repeat not granted Martha Vance Woollard to enter Japan.

For SACPD SW. DA 28729, Z 46949, Z 34708.

Drastic reductions of civilian personnel in SCAP activities render it imperative that highly qualified individuals be retained to handle increased work loads attendant with vital issues. Recurring instances are noted where Federal agencies in ZI are importuning these individuals with offers of increased ratings. Personnel occupying positions noted in Z 34708 have more than earned recognition for advancement and any losses from amongst this group will have a most serious impact upon this headquarters, so vitally contributing to the international relationship. Request that serious considerations be given to allocation of unfilled GS-16 positions in GHQ to list noted in Z 34708 as the caliber of personnel on top level positions in this headquarters cannot be weakened at this time.

Subj is addi functions to be performed by Japanese Overseas Agencies.

Japanese natls permanently residing abroad are encountering almost insurmountable obstacles in obtaining documentation for tvl to Japan. For example, a large nbr Japanese resident Brazil desire entry Japan as tourists. SCAP regs prov appli must be submitted through govt channels and that indiv must possess valid tvl doc prior to clear. For various reasons neither US, Brazilian, nor Swedish consul auths will process subj appli. Further the Swedish consul, which acts as protecting power for Japanese interests, will not issue a passport until SCAP clear has been obtained. It is considered that these procedures are entirely unsatisfactory and impose undue hardship on indiv concerned and deprives the Japanese economy of foreign exchange.

In view foregoing and since it is announced policy this hqs to restore controls to Japanese Govt, study is being made to determine feasibility permitting Japanese Govt issue autonomous passports to Japanese natls residing abroad. The extent of such a plan would depend on concurrence of country in which natl resides and tvl would be limited to those countries recognizing such passport as valid tvl doc. Along with other cogent reasons, this auth would avoid vacuum created by a peace treaty which would exist until Japanese devised passport and regs and disseminated to reps abroad.

As an interim measure to meet immed prob, it is ppsd that Japanese Overseas Agencies act as SCAP agents and process appl for entry Japan fr Japanese natls residing abroad in fol manner:

1. Receive appl and verify info therein.
2. Verify that applicant possesses a valid reentry permit into country concerned which will also be construed as valid tvl doc insofar as ent Japan is concerned.
3. Fwd appl to Japanese Min Foreign Affairs who submits appl to this hqs with recommendations of Japanese Govt.

0A32445 refer
748026 refer

FROM: SCAP TO: DEPTAR, DEPT STATE GA CFAD RTB/md 2 April 51

4. Appvd appl will be ret'd to Japanese Govt who will fwd it to approp overseas agency.

5. Prov no obj is interposed by country concerned, agency will indicate in applicant's tvl doc that SCAP clear has been given and cite auth for ent Japan.

6. In event country concerned objects to agency placing clear auth in tvl doc, the agency notify applicant of his clear by rtg to him an appvd cy of appli and advise him of requirements to be fulfilled.

Giving agencies this addi interim function considered normal evolution and well within capabilities in view observation of progress these offices.

Prov you concur in aforementioned procedure, it is ppsd implement this plan on 10 Apr 51.

Copies to: M/R: 1. This is an interim action to establish a procedure which will enable Japanese natls premanently residing abroad to enter Japan. The present procedures require that applications be fwd through governmental channels and the applicant possess a valid travel document. These requirements, particularly for Japanese residents of Brazil, virtually preclude travel to Japan since a governmental agency will not process the application.

2. The proposed procedure outlined in this message was presented to the Chief of Staff with the concurrence of DS and ESS. Basic is c/n 1 G-1 to C/S dated 25 Mar 51, Subj: Tourist clearances for Japanese natls residing in Brazil. Approved by c/s 1 Apr 51.
