I, **RANON C. NAVARRO**, Filipino, of legal age and presently residing at 815 Bangkusey, Tondo, Manila, after having been first duly sworn, depose and say:

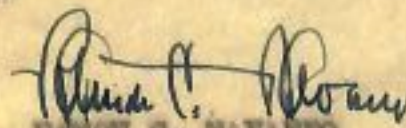

On 18 December 1941, I began working as Timekeeper with the 45th Infantry, Philippine Scouts, Labor Battalion at Layac, Dinalupihan, Batangas. I was in charge of checking the working time of around 50 men. These men were engaged in the construction of a detour bridge at the said place. We remained in this place only one day and we moved to Abucay, Bataan. The 30 men who worked at Layac were also transferred to Abucay, where we made our temporary station. But our work was at Balanga, Bataan in the construction of roads. We worked at Balanga, Bataan for a week, more or less and in the later part of January 1942, we retreated to Mariveles, Bataan. At Mariveles, we worked in the construction of bridges and roads.

Major Magpino was the officer in charge of the construction and he was with us from December 1941 up to 9 April 1942 at Mariveles, Bataan. I recall that there were 2 Capataces and they were Alejandro Carlos and Raymundo Salandanan. I also recall the following laborers among those who worked with me: Eusebio Ison, Felipe Ibarra, Irineo Ramosa, Jaime de Gusman, Marcelo Ison, cook and Luciano Ongkinko, Timekeeper. All of these men were never paid from the time we started working at Layac, Dinalupihan, Bataan up to our retreat at Mariveles, Bataan on 9 April 1942, due to the fact that we were moving continuously and due further to the confusion brought out by enemy action.

The laborers' rates of pay were ₱1.00 and ₱1.20; Timekeepers at ₱1.40 and all the Capataces at ₱1.60 per day.

There were American officers with us, but I do not recall their names. I know that we have not signed any payrolls and have no knowledge that any payroll was ever prepared for the laborers who worked with me in these various projects.

I swear that all the foregoing statements are true and correct to the best of my knowledge and belief.

RANON C. NAVARRO

I certify that the foregoing statement was made by the party signing the same voluntarily before me this 30th day of September 1947.
