SUBJECT: REQUEST AUTHORITY FOR SUPPLIES

TO : The Chief of Staff, 5th Inf. Regiment

1. In behalf of the wife of Lt. JUAQUIN NICERIO, Battalion S-5, 1st Battalion, 5th Inf. Regiment, who was arrested by the Japs Military Police in San Pablo while in a certain mission last week ordered by Major Bluebird, authority is hereby requested to give little support for the family (wife and 5 children) who were in Gabo, near Ramon Celiz's place. The said family of Lt. Nicerio has no any means of livelihood or support from any other persons, except Major Bluebird who has also 17 families who burdened him.

2. It is to be noted that Lt. Juaguin Nicerio is now in the Japanese Garrison and we cannot tell whether he is still living or not. This is not known by his wife and children. What they understand is that Lt. Nicerio is with General Vincenty in Manila.

SPECIAL REPORT ON CLAIMS FROM BAY, LAGUNA
(27th INFANTRY REGIMENT, 25th RED LION DIVISION)

Herein claim is one of a group of 83 claims from the Municipality of Bay, Laguna, commandeering alleged by del Mar and Juan Natividad for the 27th Infantry Regiment, 25th Red Lion Division. All claims are attested by Pastor Timog, on mimeographed forms.

All claims state receipts were issued but lost. Records of the Unit presented by Timog have no bearing on these claims.

Juan Natividad has alleged to have commandeered many items in other claims not included in this survey. He has presented many false receipts and false statements in support of claims not included in this survey.

Facts and Figures:- 83 claims

Period covered	: 3 Feb 1943 to 17 Mar 45
Authorized rations	: 101,098
Rice rations alleged commandeered	: 178,425
Tobacco alleged commandeered	: 3/4 lbs per day per man

Discussion:

As the herein claims represent just a part of the claims against the 27th Regiment from this Municipality, the extreme excessiveness of the alleged commandeering is at once apparent.

The only evidence of any commandeering lies in the affidavits of several persons whose reputations for reliability are not good. It is also peculiar that every file states receipts were given, but lost.

All files were prepared by the same person or group of persons.

Recommendations:

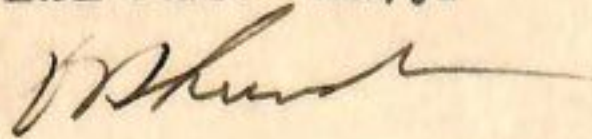

That these claims be disapproved. That any other claims supported by Juan Natividad or Pastor Timog be disapproved unless overwhelming proof from some source other than PQOG be presented. That all claims against the 27th Infantry Regiment and the Bay Regiment be disapproved, unless overwhelming proof from some other source be presented.

Note: As other claims against this Unit, or supported by the above-named men are located, this report will be included in those files.

I, JUAN NATIVIDAD, of legal age, married, Filipino, farmer, residing and with postal address at Bay, Laguna, after being duly sworn to on oath in accordance with law, deposes and says;

That, I was the Chief Supply Officer of the 27th Infantry Regiment, 25th Red Lion's Division, President Quezon's Own Guerrillas, with commissioned rank of Major; recognized and processed as 1st Lieutenant;

That, I hereby certify that the 27th Infantry Regiment, 25th Red Lion's Division, PGOG, thru Lieutenant Colonel Pastor B. Tinog, Regimental Commander, myself and my officers and men had commandeered various kinds of commodities from a well-to-do widow of Bay, Laguna, MARIA PELAEZ. All these supplies which were commandeered from here were duly receipted by our organization, as an acknowledgment of our indebtedness to her. We give assurance of payment for all these supplies commandeered after the liberation of the Philippines by the United States Army;

That, I hereby further certify that the commandeered supplies from Mrs. Maria Palaes were used and consumed by the officers and men of the 25th Red Lion's Infantry Division, PGOG, and by the officers and men of the 27th Infantry Regiment, PGOG. None of the commandeered supplies from Mrs. Maria Palaes were returned to the said owner and likewise none of these supplies were used by our officers and men outside of their official duties.

That, up to the present our organization, the Philippine Army and the United States Army have not made any payment to Mrs. Maria Palaes as promised to by us;

That, all the records of accounts of the regiment under my custody were all lost during the flood of August 10, 1947, which occurred in our municipality.

IN WITNESS WHEREOF, I have signed my name below, this 1st day of March, 1948, at Bay, Laguna.

I, PASTOR B. TIMOG, of legal age, married, a Filipino, Public Defender of Laguna, residing and with postal address at Bay, Laguna, after having been duly sworn to in accordance with law, hereby depose and say:

That I hereby certify that I was the original organizer and overall Commander of the "BAY GUERRILLA FORCE" which later on became the 27th Infantry Regiment, 25th Red Lion's Infantry Division, PRESIDENT QUEZON'S OWN GUERRILLAS, after formal attachment on 1st December, 1943;

That the above-mentioned Regiment since its inception and until its demobilization on 10 August, 1945, had been financially independent from that of the PQOG. It had its own Chief Supply Officer and Supply Division under Major JUAN NATIVIDAD. This Chief Supply Officer was directly under my supervision and control;

That the PQOG, more particularly the different units of the 25th Red Lion's Infantry Division, under Lt. Col. PHIL. C. AVANCEÑA, usually requisitioned needed supplies from the 27th Infantry Regiment. That is true because the field of our operation was then the rice granary of production, more so the center of business during the Japanese occupation;

That evidence of the facts that my Regiment supplied the 25th Red Lion's Infantry Division could be verified from the records of the Division concerned which was submitted to the Office of the Claims Service of the United States Army by Captain Bienvenido del Mar sometime last August, 1948;

IN WITNESS WHEREOF, I hereunto signed my name below this 14th day of September, 1948 at Bay, Laguna.

Dear Lieut. Colonel FOUR ROSES:

- 1- Send the machine gun to Oceano for safe-keeping; and keep your ears open for the possibility of securing a bolt. How about ammunition belts?
- 2- The way I see it, this Felix Cortes is up to no good; so for the time being he should be considered an enemy and treated accordingly.
- 3- We want no contact with the Fil-American guerrillas.
- 4- Keep your trigger men on the look-out for a possible chance to give Libuna his just desserts.
- 5- Just go ahead collecting the necessary wiring and hold same in readiness for definite plans.
- 6- Received the clothes you sent.
- 7- You are doing pretty well with arms confiscation.
- 8- How do you like the idea of being sector commander of San Pablo City?
- 9- Lamb left for Anderson's place, October 9 via the mountains.
- 10- Keep a written record of Jap movements such as the placing of signal flags; the building of fox holes or other defensive measures. Same will be very useful in the future.
- 11- You can decide whatever you deem fit for Atienza's rice. Caballero gave him a pass as per his request for three cavans.

Near Four Roses:

1- Received actually \$204,000.00. It made us so happy that we celebrated with a real full meal, the first one in almost two weeks. That amount will last us until after New Year, we can also pay all our personal debts. But if you can send us again it will help the campaign considerably.

2- It is very hard to transport rice to this place because it might be confiscated on the way.

3- I feel pretty bad not being able to grant your request for one carbine but I really don't know how I can do it now. The carbines I have brought here have been given to Camp Q of the second corps except one Oceano + Sumas on cash. Only chance you have now is if we succeed in getting back the carbine in the possession of the rebel force. I have ordered Oceano to give it to you or can we get it back. You should have made the request before I left.

Anyway here is the order or authorization to confiscate the arms of Item 110.

4- This courier has been instructed to get as many items from Camp Q as he can before he leaves for your place. You can get what you need from him. I think Mads who is there now has also plenty with him.

5- The Americans certainly will be here any day now. I ask of you to help me still on in spite of my incapacity; at least for the P.O.G.

Merry Christmas, and may God Bless you.

TO: LT. FELIX ALVAREZ
S-4, 27th Inf. Reg.

Informing that I have refer our case to the GHQ regarding your refusal to give us supplies and I was ordered by Brig. Gen. Avancena to get our necessary supply from you and he is the one all responsible, together with the written order of Lt. Col. Flash ~~quoted~~ dated Jan. 21, 1945, quoted as follows, " (2) You have the order for getting supplies. Get it. If you've shown the order and the supply does not give, try other means to get from them. I'll answer for you!"

To avoid misunderstandings and to promote a good mutual understanding between us all guerillas, it is always advisable to for us to help each other. We are also a member of the 25th Div. and luckily you were assigned as Supply officer while we are doing the Intelligence work. We are to Supply the GHQ all the necessary information regarding Espionage work while you supply us with food. If we can't work because we are starving it will be your fault.

Due to the present conditions we cannot relay all orders thru all proper channels as our Officers are dispersed. Self-conscience will tell you that if your comrades needs your help and "if you have the noble and sublime sentiments for the love of your country you will and no doubt" deny him.

I am sending a letter to Major Carandang regarding this matter and also to Lt. Col. Raga.

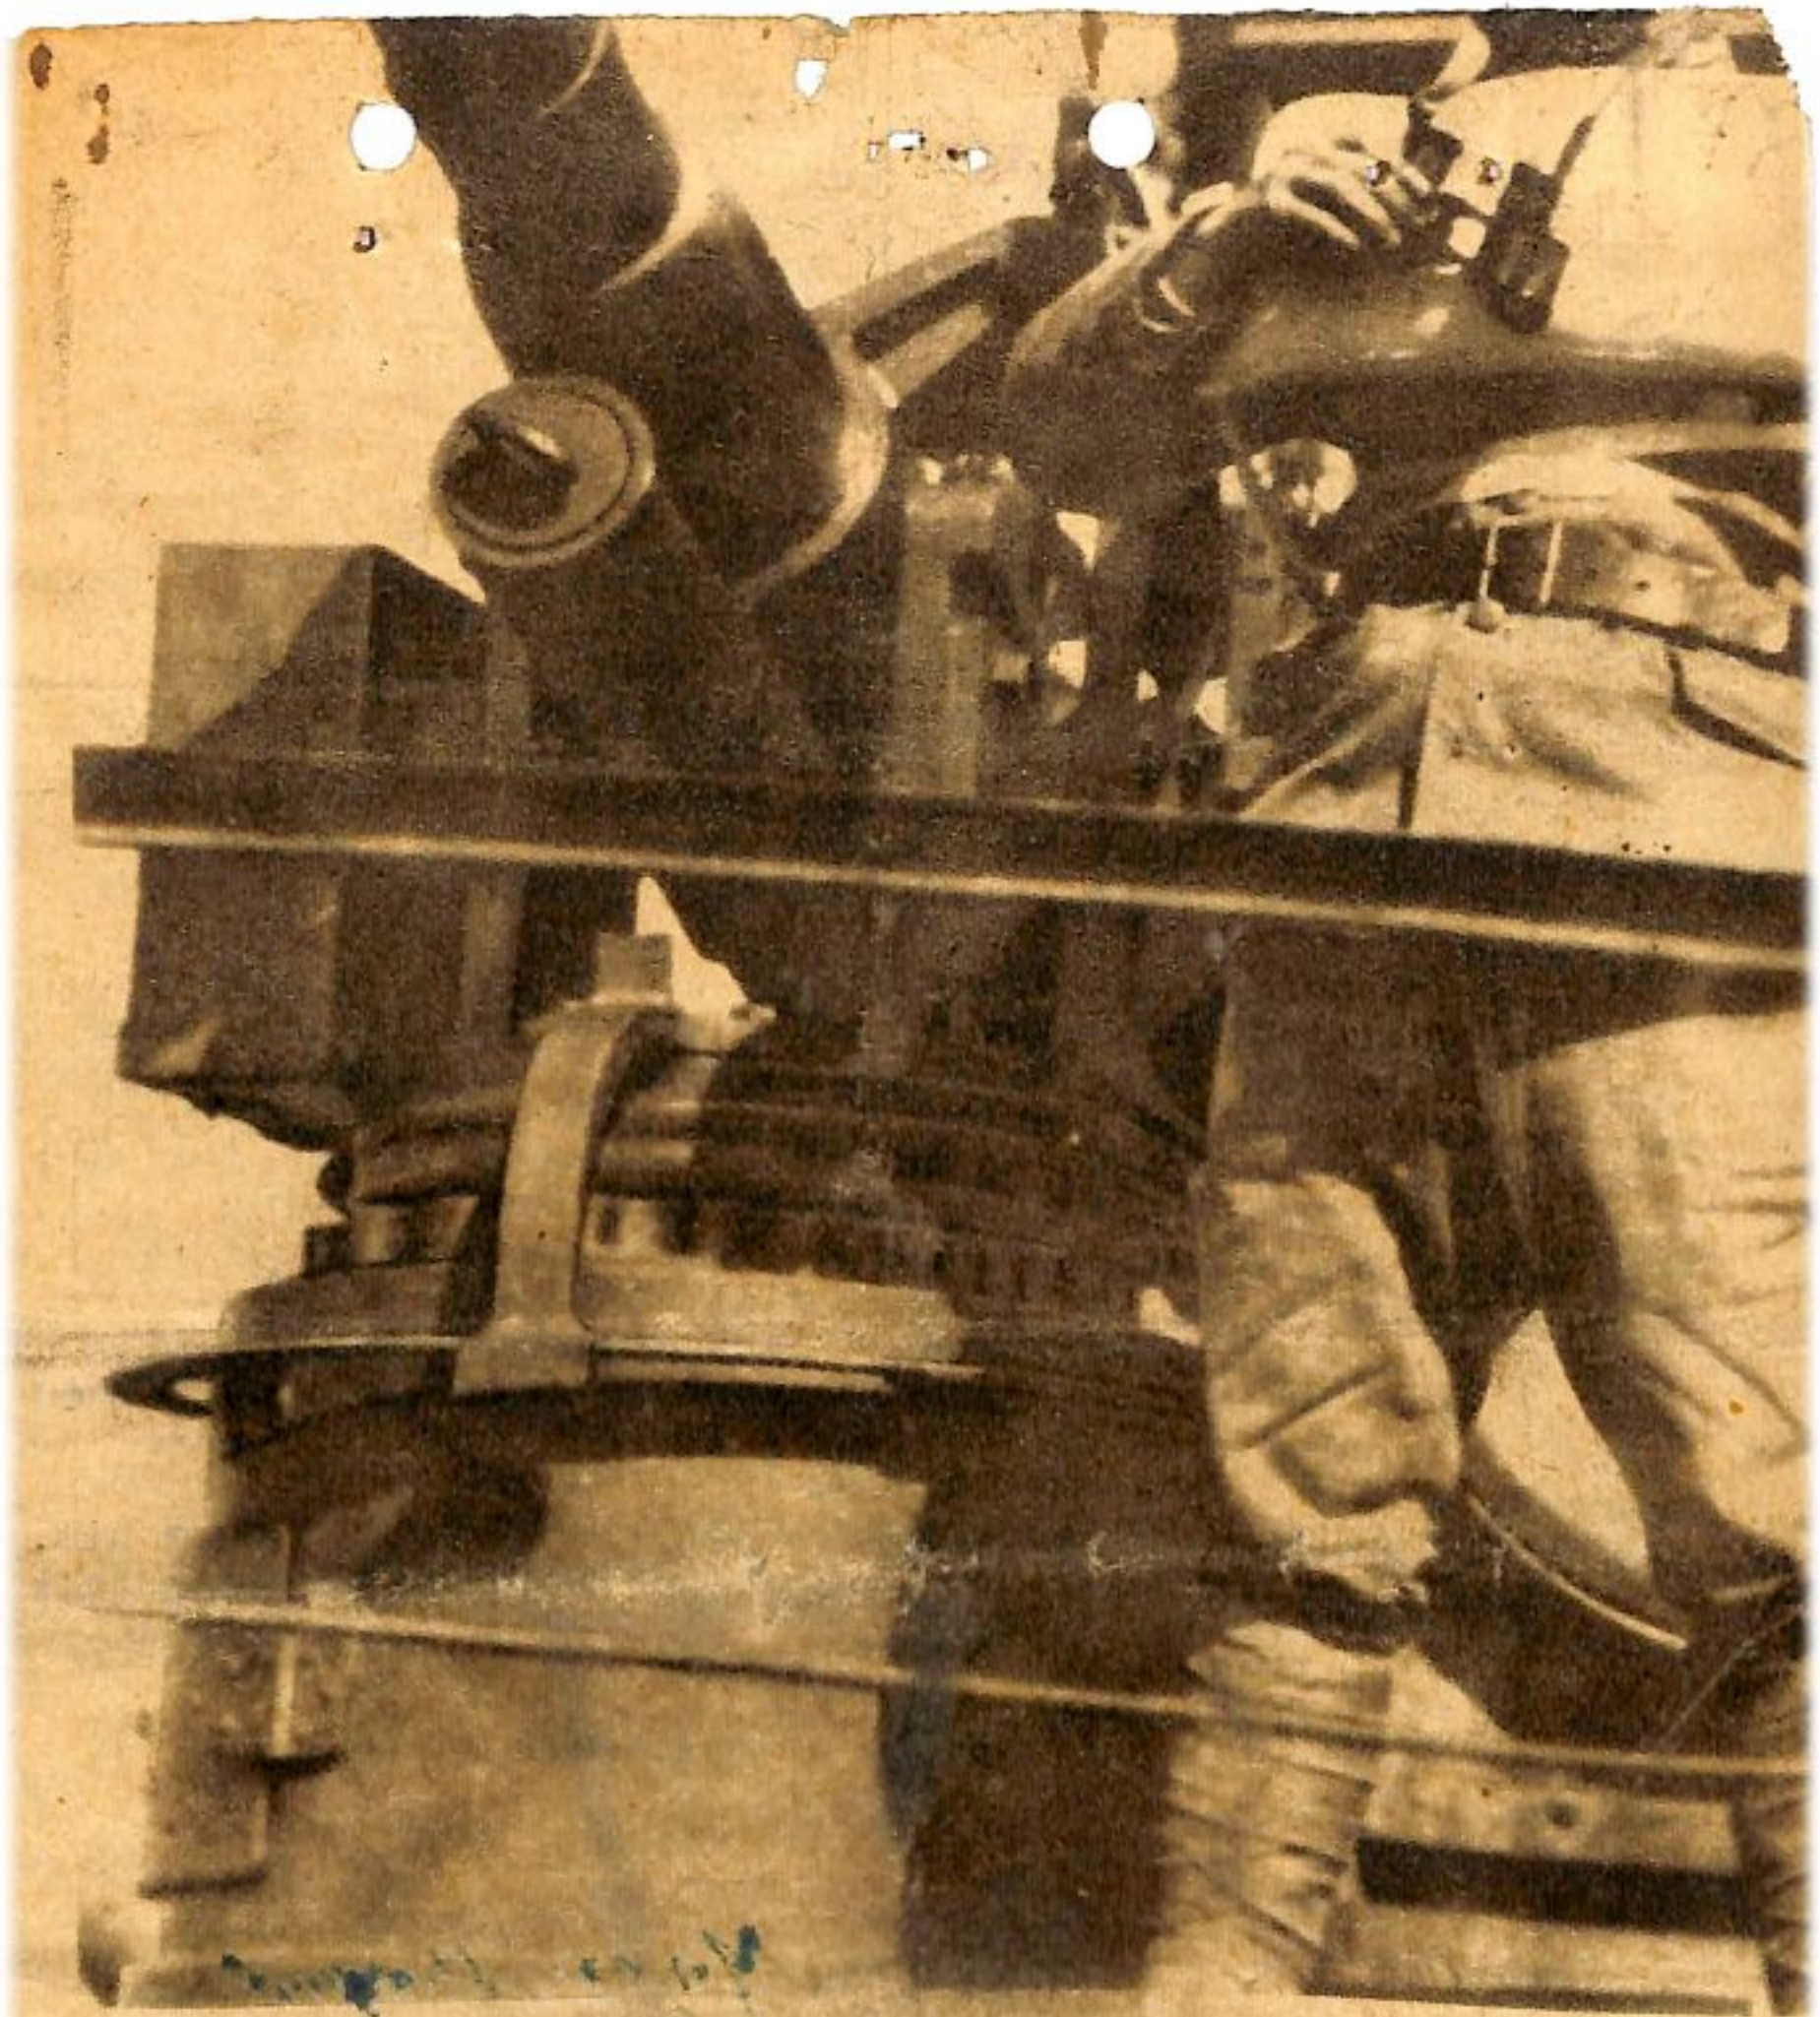

If at present you have an available supply please send us thru Major Silva.

That is all and hoping for our early liberation.

SIR:

Kasama po natong sulat ay ang memorandum sa mga G-4 upang kami ay bigyan ng kinauukulang supplies. Hinde ko po lamang alam ang inyong kinatatayuan kung kayat hinde ko naipadala agad sa inyo. Dahil dito ay akin pong ipinadala kay Major Carandang, tuloy humihingi ako ng supply. Subalit hinde rin siya nakita at kami ay hinde binigyan ni Lt. Felix Alvarez. Ito po ay aking ipinagbigay alam sa GHQ sa dahilang wala kaming makain at totoong marami na kaming pagkakautang. Ang sabi po ni Gen. ay ipakita ko raw sa inyo at ako ay inyong bibigayan at ang sabi rin po ay ang G-2 ay open credit sa G-4. Noong una ay binigyan nila ako ng karapatang humingi sa mga propetario at ang ginawa ko po ay ako'y naghingi ng cigarillo, hinde pera, kahit na ako'y hinde nananagarillo sa dahilang ito'y mahigpit na kailangan ng mga bata.

Ipinagbibigay alam ko po sa inyo na kami ay marami subalit ilan lamang ang aking pinagaactive sa dahilang wala kaming maibigay na pagkain. Sa ilalim ni Major Silva ay 6 na katulong niya at sa ilalim ko po naman ay 7 katulong ko sa pagcocompile ng lahat ng reports ng 25th Div. Dito'y kasama na pati ang mga courier. Dito'y makukuro na ninyo kung gaano karami ang dapat naming makain sa loob ng maghapon. Ang eig. "Mapa" dine ay ₱200 na ngayon. Ang mga bata po, sampu ng kay Major Silva ay umuobos ng 5 hanggang 6 na kaha araw-araw. Samakatwid ay gagastos kami ng ₱1,000 hanggang ₱1,200 isang araw subalit maari naman yatang silang makapagtiis ng walang cigarillo mayroon lamang na makakain.

Ang hinihiling ko po lamang sa inyong kapangyarihan na mangyari lamang na bigyan ninyo ng aviso ang lahat ninyong ng naililaliman na bigyan kami ng supply kahit na hinde kayo makita sapagkat hinde po naman alam namin kung saan saan kayo nagpupunta. Ako naman ay pipirma sa lahat ng resibo. Mayroon po naman Orden heneral na natutukod dito.

Ipinagbibigay alam ko rin po sa inyo na kahapon lamang ay binigyan din kami ng kapangyarihang kumuha ng supply sa mga gumadaang mga comerciante upang maibile man lamang ng cigarillo subalit sa wari ko poy hinde rin makakagapat ito. Sa hanggang dito na po lamang at lobos kaming umaasa sa mahalagang tulong ninyo.

that
Informing you, I have received a verbal order thru our courier from the Gen. to get supplies from you together with the written order of Lt. Col. Flash dated Jan. 21 to present the written Memorandum dated Jan. 9, ordering the G-4 to give us the necessary supplies and get our supplies. I have shown this Order to Lt. Felix Alvarez and he refused to give supplies on account that you don't know it.

Please be informed that we don't have any food and cig. nor viands for days and our credit are amounting daily. I can't force my boys to work as I have nothing to give them which hinders our work very much. But our Deputy Commander-in-Chief Major Gen. Wencinty demands that our work be intensified as it is only the best way so far we can help our common allies to win this war.

How can we meet this demand when we lack funds, when we have nothing to eat? "A Soldier marches on his stomach". We are then asking for your kindly and timely help which we need very badly. We have plenty of operatives but so far we have under Major Silva, S-2, 27th Inf. Reg. six (6) operatives on active duty in his HQ, and under me I have seven (7) operatives on active duty helping me in compiling reports of all Intelligence reports of the 25th Div. (This include our courriers). You can now determine by yourself the necessary supply we need. We are 15 in all.

Please advise your other supply Officers regarding this matter 'cause if every time we are in badly need of supplies and they can't give for the reason that you don't know it it will be very hard for us. I pretty well know that you will not doubt as to the use of these supplies we are requesting you. If you have an available supply please give us. I am sending a letter to Lt. Col. Eagle regarding this matter.

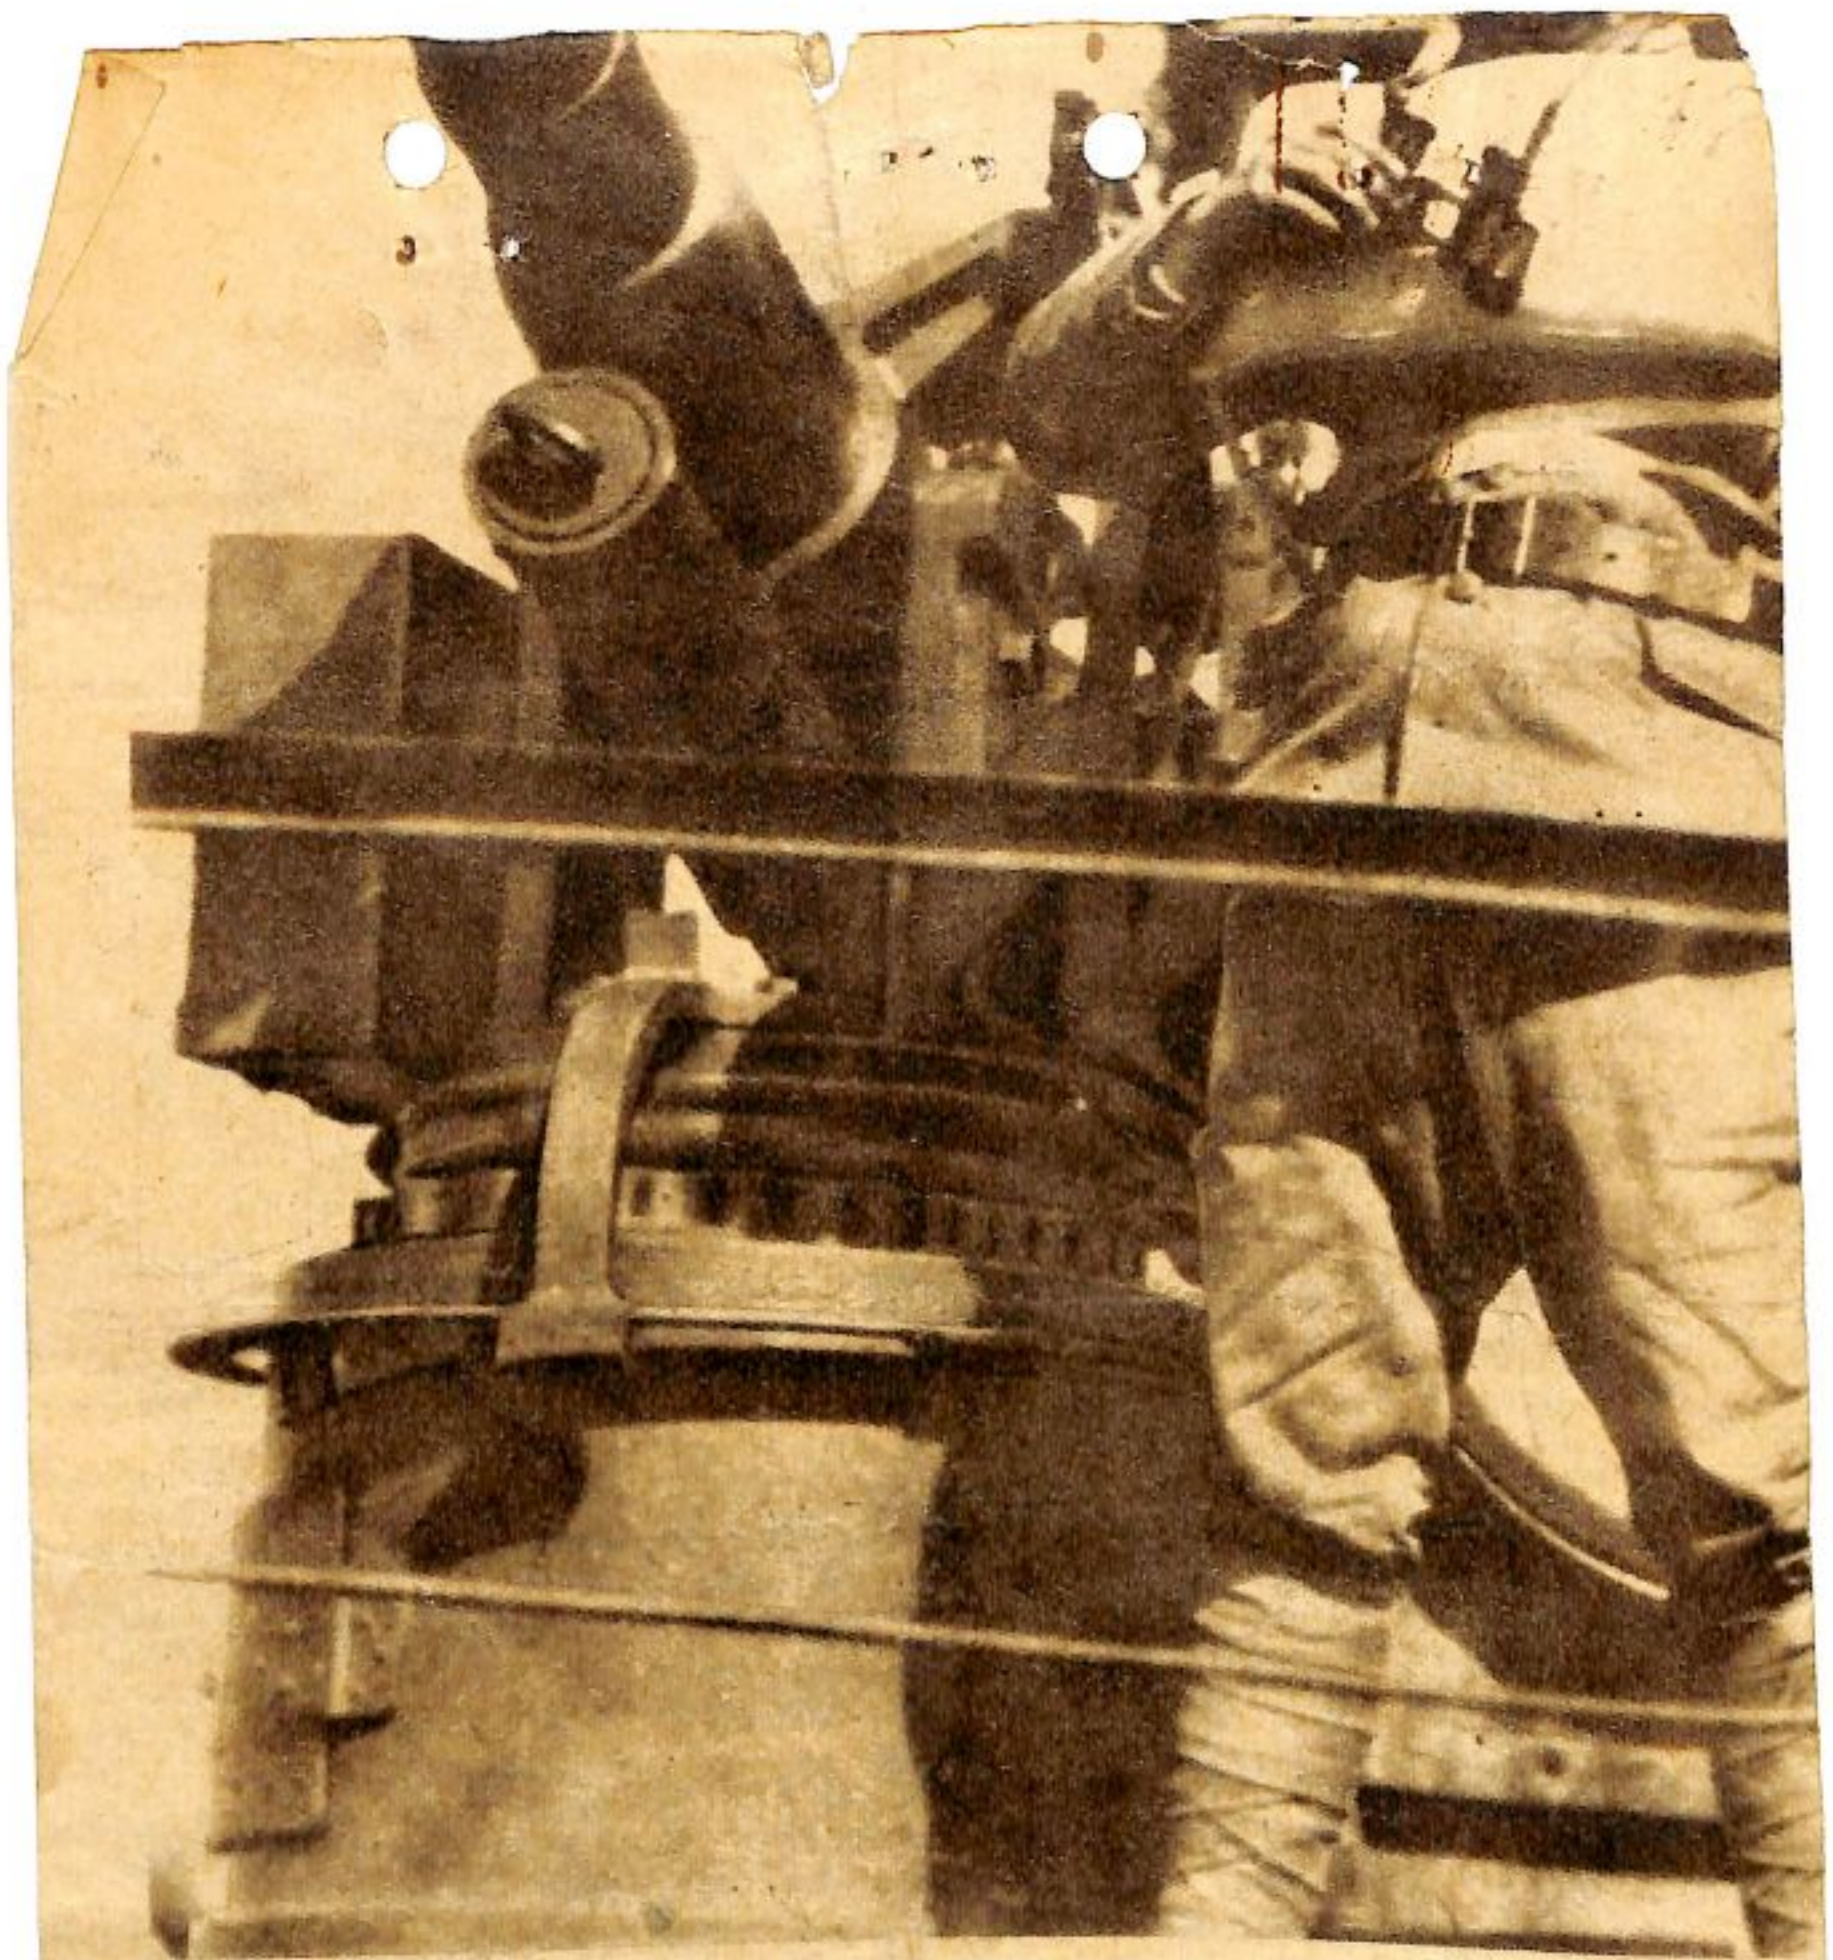

This is all and hoping for our early liberation.
