KNOW ALL MEN BY THESE PRESENTS:

THIS AGREEMENT, made and entered into at Abayog  
Leyte on this 11-th day of March, A. D., 1940, by  
and between the Abaca Producers' Cooperative Association, (NAFCO Branch  
No. 6) formed under the laws of the Philippines, having its principal  
place of business at Tacloban, Leyte, hereinafter referred  
to as the ASSOCIATION and Mr. Cayetano Comandao, a producer  
of abaca of Abayog, Leyte, hereinafter referred to  
as the PRODUCER.

### WITNESSETH:

That for and in consideration of the outlays incurred and to be incurred by  
the ASSOCIATION in providing means and facilities for cultivation, production,  
handling, classifying, storing, advertising, shipping and marketing of Abaca, the  
industrialization of the same, the expenses of organization, of finding, establish-  
ing markets, and in further consideration of the mutual obligations of the res-  
pective parties hereto, we have entered into an agreement under the terms and con-  
ditions specified below:

(A) The ASSOCIATION agrees to comply for the benefit of the PRODUCER with the following obligations:

(1) Furnish the PRODUCER implements of production and cultivation, goods, merchandise and articles of consumption that may be indispensable for the maintenance of the necessary laborers to improve, strip or exploit his abaca plantations. The ASSOCIATION will fix the maximum amount that the PRODUCER may borrow on the basis of his paying capacity.

(2) Establish warehouses where the PRODUCER, may deposit or store his abaca.

(3) Advance to the PRODUCER, if he so desires, part of the value of his abaca deposited in the warehouse, provided it does not exceed 60% of its market value, and the loans of merchandise, implements of production and cultivation and articles of consumption made to the PRODUCER are properly taken care of by the latter.

(4) Sell by itself or through the NATIONAL ABACA AND OTHER FIBERS CORPORATION at private or public auction, the abaca deposited in the warehouses of the ASSOCIATION. The latter may reject any offer or bid. The ASSOCIATION may also purchase directly the abaca deposited if it so desires.

(5) Make the necessary arrangement to export the abaca deposited in the warehouses in order to obtain the best possible price, whenever advisable or when the quantity or volume of abaca deposited and the existing circumstances or conditions justify it.

(6) Pay to the PRODUCER as soon as the abaca is disposed of, the proceeds, after deducting all sums that may have been advanced in merchandise, goods, articles of consumption or in cash to the PRODUCER, as well as a certain reasonable amount to cover the expenses of maintenance and operation of the ASSOCIATION and the creation of a reserve fund for the attainment of its objectives as set forth in its Articles of Incorporation and By-Laws.

(7) Work for the reduction of freights, thru the adoption of any means or procedure that may best insure the attainment of such objective.

(8) Allow the examination of the books of the ASSOCIATION by any Public Accountant that the PRODUCER may designate at the end of every fiscal year, with the authorization of the Manager.

Messrs. DAIDO BOKI KAISTA, LTD.  
Tacloban Branch  
Tacloban, Leyte

Sirs:

On the night of June 24, at about 12:15 a party composed of Mr. L. Araki, J.M. Santos, A. Ygrubay, A. B. Ortega and J. Fua left for Marigipi and Biliran Is. to organize Agencies of the Daido Boki Kaista, Ltd., Calbayog Branch. Arriving Marigipi the next day, they decided to appoint Mayor of Marigipi, Benigno Macorol as our Agent. From here they proceeded to Cawayan, Biliran Is., and upon their arrival they made a survey of the place and appointed Mr. Alberto del Rosario, a prominent citizen of that town as our Agent, leaving Mr. A. Ygrubay such that Mr. del Rosario could acquaint with our company's principles. From here, they left for Biliran and upon reaching it they found that there was not much prospect of copra making in this town. As a fact, our Tacloban Branch has already appointed someone to act as Agent in this town thus they decided not to leave anyone in this place. Immediately they proceeded to Caibiran arriving at 3:00 PM on the 26th of June. In this town they found out that the Tacloban Branch has already appointed an agent in the person of Mr. Jose Maderazo, the son of Mr. Eugenio Maderazo, the present mayor. Unfortunately the Agent was away at the time of their arrival, having gone to Tacloban to attend the Carnival, thus they decided to leave Mr. Jose Fua, to familiarize the Agent of our policy and to further instruct him of our procedure in the sales of merchandise when he returned. The remaining members composing of Mr. Araki, Santos and Ortega left for Calbayog via way ports Talsadors and Villaresal.

On July 1st, Mr. Jose Maderazo (son of the Municipal Mayor) was appointed Agent for the DNE-Calbayog Branch by Mr. Jose Fua member of the Daido Organizing Party. He was given all the powers and privileges as to all Daido Agents. He received from Mr. J. Fua the goods as per attached list which should be given away as privileges in exchange for copra or spacs purchased. Mr. Fua must have to stay in this town until the Agent could acquaint himself of our policy and all procedure of our company's business interests. From this date of Agency opening both Messrs. Maderazo and Fua had jointly worked for the progress of the mentioned Agency following all instructions given by our DNE-Inspector, Mr. L. Araki. Unfortunately, on the 19 of July, Mr. Fua was ordered by the Japanese Imperial Army (Detachment in Caibiran) to evacuate from this town for safety. Thus, Mr. Fua before leaving this town, he helped loading all the goods (as per list) on the sailboat which Mr. Maderazo, Mayor with his family (including his son, our Agent) took for Tacloban, Leyte. On the July 24th, at about 9:00 PM Mr. Jose Fua arrived in Calbayog, Samar on a small boat reporting everything the next day to our Inspector, Mr. Araki. So with Mr. Ygrubay, Mawayan organizer for the Daido arrived before Mr. Fua on July 20th. On account of the unsettled weather, only left Aug. 26 and 27th, Mr. Araki had decided to go for inspection of our Agencies in Marigipi, Cawayan and Caibiran. As to his finding in Caibiran, a certain Margarita Llanes, native of the town had witnessed that the Goods of the Agency were all brought by Mr. Eugenio Maderazo, Municipal Mayor of Caibiran with his family to Tacloban, Leyte, per sailboat, before any incident happened. This testimony given by that woman confirmed with the report of Mr. Fua as told to our Inspector Mr. Araki, upon his arrival at Calbayog last July 24th.

From the above detailed report of our Agencies in Marigipi, Cawayan and Caibiran in particular, we beg to ask you information regarding the whereabouts of Mr. Eugenio Maderazo, Caibiran Mayor in whose possession our Goods as per list attached were brought to Tacloban together with his family for safety as the Japanese Army detachment in Caibiran was withdrawn.

Please arrange everything after having your findings about our Goods and kindly inform us at the earliest possible time.

Very truly yours,

D.B.K. Agents  
Villaba, Leyte

S i t s :

In reply to the complaint stated in your letter of the 13th instant, this will inform you that effective on the receipt of this letter, the commission basis for our agents will be P 0.50 per 100 kilos Resecada copra delivered to us.

Regarding your request that all your shipments be classified Resecada and that no reduction in weight be made, we are sorry to tell you that this can not be done. It must be understood that the Company is not on any business basis during this emergency and reconstruction period. We are under or in cooperation with the Government and whatever has been decided by the Government must be followed by us. When we buy copra from you, we make a reduction in weight for the moisture present in the copra at the time of buying and in its condition. ~~We admit that the moisture present is less than the percentage of reduction, but we are to allow for the further shrinkage during the period that the copra is kept in the bodega until it is taken away from us. But, however inspite of this state of things, we have computed and found out a way of deduction where the company does not lose and the agents are given space to gain in their transactions. If the agents lose, it would be mainly their fault and this can be traced to their way of classification. When we met in Ormoc sometime ago, I remember that we had a talk and I gave you some suggestions as to the classifying and buying of copra. I suggested that you buy at least a grade lower, protecting yourself from a possible loss in the weight reduction. Meaning, that if a quantity of copra is by your classification, Resecada, you buy it as Semi-resecada. If Semi-resecada, buy as Buen-Corriente and so on. Always a grade lower than your actual classification, safeguarding yourself from possible loss of weight or shrinkage.~~

As previously stated, we are in cooperation with the Government. As soon as we make a purchase, we make a report to the Government. Now, if we consider all your shipments Resecada, we will have to report such, and in the long run, during the stay of the copra in our bodega, it will shrink, evaporating the moisture present, at the time of the buying. When the copra is taken away from us, there will no doubt be noticed a difference in weight. If we were in business, this could easily be replaced by either cash or in kind, but the Government is keeping track of all purchases and any difference in the supposed total of our stock would be eyed with suspicion and we may be reprimanded.

The new authorized price of copra and abaca for Leyte and Samar, as decided upon by the Army authorities and the Government, are as follows:

<u>Copra</u>	- - - -	Resecada	-	P 12.00 per 100 kilos
<u>ABACA</u>	- - - -	1st class	-	0.25 per kilo
		2nd class	-	0.20 " "
		3rd " "	-	0.25 " "
		4th " "	-	0.15 " "

Sincerely yours,

January 33, 1944
