South Luzon Force - Bataan Force - II Philippine Corps

Brief Outline of Activities Prior to and During War

Prior to the outbreak of hostilities on about Sept 1 a SLF Hq in skeleton form was created and functioned briefly. This Hq consisted of Brig Gen. Geo Parker, Lt. Col. C O Wilson, Lt. Col. H. D. Johnston, Capt. Arthur Christensen and Capt. Homer Uglow. Units to be included under this command were not inducted until somewhat later and the troops thus received practically no training before the war started. Only two regiments the 42nd & 52d Infs. were inducted on Sept 1 and no others immediately thereafter.

The elements of the command were drawn up as follows:  
Nov 1 - 41st & 51st Infs. mobilized and started training, Nov. 24th - 43rd & 53rd Infs, 41st F. A and 41st & 51st Engrs. On Dec 1 the 41st and 51st Med. Bns. Signal Cos, Hq & Hq Cos, & QM Service Co, so that on Dec 8 the state of the SLF was: 41st Div complete less 1 Anti Tank Bn 51st Div complete less 1 Anti Tank Bn & 51st F. A. and 1st & 2d P. C. (inducted in Mid. Nov and assigned for training only) released at beginning of war.

The 41st & 51st Divs. were inducted and trained in S. Luzon what little training they did have and at the outbreak they were sent to their defensive positions on the beaches. The boundary between division running along a general line thru Lomery & Pancipit Rs. - Id. in Lake Teal - Pagaytay and Las Pinas inclusive to the 41st Div. The rest of the coastline was defended by the 51st Div. with Manila sector unoccupied due to location of the fortified Ids. On Dec 29th the 1st Reg Div was assigned to the beaches between Infanta & Mauban inclusive and was given the road net in rear of it.

On about Dec. 12 the Japanese landed at Legaspi after previously bombing Davao, Legaspi, Nichols Field, Cavite and sections in the SLF territory and started to move N towards the main part of Luzon by rail and by road. Units of the 52d Inf were sent S to meet them - one Co. along the road and one Bn was split up - its elements being drawn and given different missions - to contact and delay the enemy as long as possible, destroy bridges and military equipment and impede the progress of the enemy as much as they were able.

The Second Phase of SLF activities began on Dec 24 when the enemy landed in force at Atimonan and Mauban. The units of the 52d sent S encountered many adventures of war not covered here, some being out off and breaking thru - others making their way N to join their  
The latter was cut off and withdrew towards the sea. The 1st Reg Div, and 2d P. C. were badly shot up and lost all but one gun. The 1st Reg Div was then retrained in order to stay off shore.

organization later. On the afternoon of Dec. 24 Gen Parker's Hq. was moved to Bataan and the Bataan Force consisting of the 31st Div., 1st Div., parts of the Phil Div., Hq and other misc. units. Gen Jones took command of the SLF upon Gen Parker's departure (his Div. the 1st having reverted to the Bataan Force).

By the night of Dec 24th the "Js" had crossed the Mts. at Atimonan to Malibay and at Mauban had reached the sig-sag at Sampaloc. The enemy from Atimonan advanced in successive stages and by nightfall of the 25th were at Lucena, Tayabas, 26th Cavalry, 27th Tincog and on the night of 27-28 contact was broken in that area as the troops were ordered to Bataan. At Mauban the 1st Inf less 1 Bn retreated to positions on the Laguna-Tayabas boundary night of Dec. 25, Louisiana 26th broke contact on the 27th and withdrew to Bataan via Pagsanjan, Sta. Cruz, Los Banos and Manila. One Bn at Tiguasan remained there until the 28th with no contact and withdrew on the 28th. The regiments in the SLF were reshuffled on the night of the 27th and were shuttled into Bataan - no contact being made with the enemy. By Dec 31st Gen. Jones and his Hq. had arrived at Plaridel & contacted Gen. Rainwright. By order of USAFFE Gen Jones was put in command of remains of the 71st & 91st Divs., then at Baliuag and stayed there to cover the withdrawal of the SLF thru thru Dec 31st - Jan 1. By morning of the 1st these units and Gen Jones arrived in Bataan and the SLF ceased to exist. (Note: Assg'd to SLF prior to this date and moved to Yagytay pos. was the Prov. Constab. Brigade. Three days were absorbed moving in and thru sore out -no contact being made with the enemy.)

As part of the 3d Phase of the SLF the Bataan Force existed from Dec. 24 -Jan 6 its function having been to organize the position in Bataan and assist in their occupancy.

By the night of Jan 5-6 the last elements of the SLF had withdrawn into Bataan leaving the covering force at Layac Jet. exposed to the enemy. Organized from right to left in line the pos. contained the 71st Div., 31st Inf (US), and 26th Cav. At 8:00 A Jan 6 our art'y sighted the enemy and began to register on them and at 9:00 A.J. art'y appeared on the road to be reinforced by other art'y units soon thereafter and a fierce art'y duel ensued. The "Js" also bombarded portion of the 31st Inf with superior fire and by nightfall the right of the 31st and part of the 71st Div had pulled back. At about 10 P. the entire line was ordered withdrawal behind the Abucay position which movement was executed in great confusion. The 26th Cav., not receiving the order was cut off and withdrew through the Mts. One Bn of the (23d) P.A. was badly shot up and lost all but one gun. The 1st Bn of the 88th FA retreated in order saving all guns.

The Main Battle Position previously organized, was occupied originally by the II Philippine units from right to left 57th Inf, 41st Division and 51st Div. the 57th turning its flank on the beach at Matsang and the 51st Div tying in with the I Corps at Mt. Matib. This position was shelled almost constantly daily particularly on the left flank of the 41st Div. and the right of the 51st Div. The Js effected a penetration in that sector and between the 41st Div. and 57th Inf left and the 31st Inf (US) and 45th Inf (PS) were sent in to counter attack at Abucay hacienda, the 21st Div. being sent in to reinforce the MIA on the front of the 41st Div. The counter attack was successful, heavy casualties being inflicted on the enemy and mopping up operation were in progress when the retreat in the I Corps Sector made a withdrawal from the Main Battle Position to the Reserve Orion-Bagac pos. necessary. Some Js had infiltrated thru the II Corps, however, and it is probable that they might have cut thru the reserve Orion-Bagac pos. had the withdrawal not been made.

The withdrawal was accomplished with a considerable confusion during which aggressive action by "J" art'y, air corps and ground troops might have ended the war before the end of January. The position was occupied and divided into subsectors as follows from the beach near Linsay-North to Orion - to the Pantangan: SS-A under Col. Irwin-31st Inf, PA, PA Air Corps Bn, and PA Training Cadre; SS-B - Col Doaness - Prov. Regt. U.S.A. Air Corps, SS-C Gen Bluenel -41st Inf (to March 1), 31st Div. less 31st & 33rd Infs. 51st Combat Team, SS-D - Gen Lough - 21st Div. on Right - 41st Div. on left and 33rd Inf on extreme left flank prior to Mar. 1 after which it became Corps reserve and the 41st Inf went from SS-C to SS-D. The Philippine Division, part of which was to have occupied the front line was broken up as Corps and Army Reserve and was employed piecemeal wherever necessity dictated. Its Hq continued to exist under Gen. Lough but never until the final futile effort was it brought together in any attempt at concerted effort.

The Reserve Battle Position was further prepared and fortified after occupancy - lowlands flooded, trenches dug, camouflage created barbed wire strung etc & patrol action was constant but not pressure was exerted until the first of April. Here as in the I Corps the "Js" entrenched and awaited reinforcements.

Toward the latter part of March enemy truck, tank and artillery columns were sighted on the roads and near areas and it was obvious that an offensive had been planned. This push came beginning April 3 at about 8 A with intensive shelling, dive bombing, high level bombing and a general attack in the 42d Inf areas and by nightfall these units had retreated in confusion down trails #6 and #29 to trail #8, the 42d Inf completely disintegrating and disappearing. The 43d Inf was contacted by Gen Lough and ordered to reorg. and moved back up #6 on April 4. However, it was again hit by mass artillery, broke up and disappeared. The 41st Inf. not so hard hit moved N along the road and was not attacked in force. On the night of April 4, the 33d Inf.

in Corps Res. Along Tr #44, about 1 Km N of #6 & 44, was order N to reinforce the line, but was not heard from thereafter. On April 4th "J" tanks appeared along the Pilar-Bagac road, some started down trail #28 and went back, and a number worked down the Pilar-Bagac Road behind the CLR of the 21st Div along the Telisay R. The 21st Div then withdrew under pressure to the NRT on the slopes of Mt. Samat. In the face of these attacks and withdrawal by the night of Apr 4 the line existed with a large salient in SS-D and units were located as follows: 41st Inf on extreme left astride trail #29, a large Jap on its right to the 21st Div on the forward slopes of Mt. Samat, 51st CI, 32d Inf, Prov. AC Regt; 31st Inf PA AC Bn and the PATC. The 31st Inf US had been ordered from its bivouac area to Jct of tra #2 & 10 on April 4 and was in that area that night.

On April 5 the enemy moved down tr #6 and across the face of Samat and by night they had control of trail #64 to the CP of the 21st Div, and were working up the E slope of Mt. Samat. The extent of the penetration by the "Js" was not known exactly and a counter attack involving the 45th Inf (PS) up Trail #29 with tank support and the 31st Inf (US) up astride #44, thence up #64 to #44 - then up #4 to reinforce and establish the line. Before this could be accomplished in April 6 remnants of the 21st Div came thru the 31st Inf pos. and heavy fire was received from the enemy in Mt. Samat. Heavy pressure on the front and left of the 31st Inf forced its withdrawal to the S. bank of the San Vicente by nightfall of the 6th. The enemy also forced his way up trails #6 & #44 in April 6, the 1st Bn 57th Inf having been ordered to Jct #8 & #44 to be at disposal of Gen. Lough. Before the 57th Bn could reach Gen Lough, however, his Hq was cut off by the enemy on Trail 8 and the Bn of the 57th was forced to take up a defensive position behind the San Vicente R. at the Jct #8 & #46. The tank support of the 45th Inf arrived late and that unit was forced S on trail #29 and into the I Corps sector.

Thus by nightfall of April 6th situation was almost hopeless. On the extreme left the 45th Inf counter offensive up Tr #29 was nipped and it, with Gen Lough's Hq. was cut off from II Corps. The "Js" had routed the 41st Div and followed it up trails #6 & #44 where the 1st Bn 57th encountered the enemy and held them N. of the San Vicente at Trail Jct #8 & #46. On the San Vicente a large gap existed and then the 31st Inf (US) had gone into pos. connecting with the 51st CI of Gen Blumel on its right flank. Our art'y had been overwhelmed and silenced and the 41st PA guns had all been captured.

On April 7 an attempt was made to organize a defensive line along the Patoc trail (#46) with 201st and 202d Engrs filling the gap between the 57th (3d Bn. in pos. with 1st Bn night of April 6) and 31st Inf (US) and SS-C units. The 26th Cav and 14th Engrs also moved up, the 26th at Jct #2 & #10 being turned over to Gen. Blumel & the Engrs. to Col Tally who was with the 57th Inf CP and its 3d Bn. attached to SS-C and Gen Blumel. The "Js" followed up their aggressive move of the

6th and not only cut trail #46 but staged a separate attack in the 32d Inf area in the right half of SS-9 forcing the withdrawal of the 51st CT, along with the 31st (US) to the S bank of the San Vicente and extend a line with the 3d Bn 57th Inf, & 21st & 31st Engrs. The 301st & 301st Engrs, had failed to arrive at their position on the Patoc trail before the enemy cut it and those units were scattered & disintegrated. Thus Gen Bluemel decided to continue the withdrawal to the S bank of the Mamala R where, after consultation with commanders of the 26th Cav, 57th Inf, 31st Inf (US) and Engrs, he decided to withdraw all elements to the Alangan R which long retreat was affected before dawn of the 8th.

April 8th found the line held behind the Alangan R. in a confused state due to hasty retreat and mistaken routes of withdrawal. It was obvious from the outset that this position was untenable. All 37 mm guns and automatic weapons had been lost, nearly all 155 mm, were of ammunitions. In addition the men were almost completely exhausted by the long marches and days without food. The 26th Cav, which had moved from #2 & #10 to #2 & #46 covered the withdrawal of other units & then withdrew to the above pos. itself.

It was intended that new position would be occupied with the 26th Cav, 57th Inf and 31st Inf in line & the 14th Engrs in reserve, but due to a mistake in retiring between new and old trails #20 a scramble ensued and the line was established with the 26th Cav and 14th Engrs, astride Trail #20, 31st & 57th to E of old #20 - a big gap to the 803d Engrs, PAC, 31st Inf PA and the 4th PC, (the 4th PC and 803d Engrs having been brought up during the night.)

During the morning of the 8th J's bombed the line heavily and the 4th PC and the 31st Inf PA pulled out. Enemy tanks & Inf followed up quickly down trail #20 and soon surrounded the position set that by the night of the 8th the entire line was untenable and further withdrawal become necessary. Orders were confused as were the troops who scattered badly. The bulk of them escaped down new #20 - others cross country. Col. Tilly, Col Brady & Col. Saint of the 57th Inf, 31st Inf & 14th Engrs respectively managed to gather parts of their commands by the morning of the 9th. At 3 A, Maj. Christenson Ass't G-3 for II Corps met Gen. Bluemel at Jet #12 & #20 received order to surrender. Gen Bluemel was ordered to take up a position behind the Lamac R. but instead he left a screen and moved troops the rear where surrender came later that day.

But while December 7 meant "Pearl Harbor" to most of the world, it meant "Clark Field" to the Filipinos and the Americans in the Philippines -- the date to them, halfway around the world and across the international date line, was December 8, 1941. At almost the same moment that the Japs hit Pearl Harbor, they made their attack on Clark Field in Central Luzon, only fifty miles from Manila. There they knocked out the American Far Eastern Air Force with almost the same devastating effect they dealt the U. S. Pacific Fleet 5,000 miles away.

There were also elements of other divisions including the 2d Infantry, the 73rd Infantry and the 93rd Infantry.

The Harbor Defense Command, consisting of Corregidor and its satellite islands, was commanded by Brig. Gen. George F. Moore and was composed of two Regular Army Regiments, the 59th and 60th Coast Artillery; two Philippine Scout units, the 91st and the 92nd Coast Artillery Regiments, and the 4th U. S. Marine Regiment, which had just been moved in from Subic Bay.

Command headquarters feared that the single blow at Clark Field had virtually decided the course of the war in the Philippines. The 26th Cavalry, bombed out of Fort Stotsenburg, moved into the nearby mountains, prepared to strike at the first enemy beach landing wherever it might come. On December 9, Nichols Field, another key army air base at Manila was bombed almost to destruction. The Japs apparently hoped to catch that part of the PFAF which had gone there for refuge. Group installation destruction, however, was all they accomplished -- but that was complete.

The Layac Force was organized on the line as follows:

The 71st Division, Philippine Army, consisting only of the 71st and 72nd Infantry Regiments.

The 31st Infantry Regiment, United States Army.

The 26th Cavalry Regiment, Philippine Scouts.

To the rear in support were the 23rd Field Artillery, Philippine Scouts, which had one battalion only: the 1st Battalion, 88th Field Artillery, Philippine Scouts, and the 71st Division's organic artillery.

The men of Layac had worked on their positions all during the night of January 5-6. At 8:00 AM their artillery sighted the Japanese coming down highway 7 from Lubao. They laid down a murderous barrage. Within an hour, the Japanese artillery began replying. The artillery of both sides thundered throughout the day. The 23rd Field Artillery's lone battalion was badly shot up and lost all but one of its guns. The battalion from the 86th Field Artillery, however, saved all its weapons. The 31st Infantry, in the center of the Layac line, took the bulk of the artillery punishment along with the left flank of the 71st Division. In the late afternoon, the Jap fire increased and infantry probed forward to test the American line. This was followed by a heavy infantry attack at the point where the 71st and the 31st were linked. The flank units of the two divisions began to deteriorate. The 3rd Battalion of the 31st, heretofore held in reserve, was moved up just before sunset to counterattack and fill the gap.

At 10:00 O'clock that night, however, an order was received for the three holding units to withdraw to the Abucay line. The 71st Division began to fall back first, while part of the 31st acted as a covering force. The order to withdraw was relayed by radio from the commanding officer of the 31st Infantry to the 26th Cavalry on its left. But the message was in code and the radio code had been changed that day without the change reaching the 26th, so that cavalry commander could not understand it.

After a while, however his patrols reported that the 31st Infantry was moving out. By the time it was definitely determined that withdrawal was taking place, the 26th had been cut off and was out of contact with all other friendly forces. The cavalrymen withdrew to the mountains in the west, and worked their way back through the rugged jungle country to the Abucay line without assistance, an operation that took three days.

was moving out. By the time it was definitely determined that

hours with all other friendly forces. The conventional wisdom to the

At this effort was coming to a close on the night of January 23, a desperate Japanese battalion commander to their front ordered a bansai charge. The Japs attacked with fixed bayonets. They did not fire, but simply yelled as they ran. The automatic weapons of the 31st combined with the fire of the 88th <sup>Field</sup> Artillery almost completely wiped out this suicide force, but the cost of stopping the attack was great. The 31st Infantry, which engaged the bulk of the enemy, had to be withdrawn to rear areas to rest and its casualties replaced by Chemical Warfare troops. The 31st Infantry had suffered forty-five to fifty percent casualties, though they had killed an average of ten Japs for every one of their own losses.

While the 31st and the 41st were patching the line of the 51st Division, the Japanese were still infiltrating through the jungles on the eastern slopes of Mount Natib, where American artillery could not reach them. In a last desperate attempt to close the critical 5,000-yard Mount Natib gap between the Corps, the US "Provisional Air Corps Regiment" was ordered to cover the slope with rowing, combat patrols. This effort met with little success. The 31st Division, Philippine Army, was called from the 1st Corps area to help. Its effort to move

through the thick jungle resulted in disorganization to the point where
