 (Commissioner) bank, less P. 16-58. I came to A. This morning
 I washed myself and some of my clothes. The rest of the
 time I tossed the ball with A and W.
 The afternoon passed slowly until we had an issue of one
 roll each. With margarine and sugar it is to be made
 from heaven. B saw A. he says Major
 S. A very low afternoon. is sick
 with fungus fever. B is serious with a cold. The sun
 is shining and there is a sporadic inspection party
 coming floating around in polished boots and white
 shirts. By the way - beginning August 1st, we are officially
 prisoners of war - no longer mere captives. I'm anxious to
 see the difference.
 8/4 W is going to carry me over on the com-
 mission, when my pants run out. A portion
 of bread rice filled in the gaps left by a light helping
 of seconds (he was examining him with a stick that
 in a vain attempt to secure essential vitamins that his
 body was crying for).
 8/5 I finished "Pip's diary". Rumors are running
 neck and neck whether we get out by negotiation or by force.
 8/6 R spun his spool of sardines and gave me two
 small minnows.
 8/7 Capt. W - bid.
 8/8 I forgot - two cookies in the afternoon.

 take them away. I don't find any traps or water 1000
 miles of the place. ... I started up on water tower in
 the afternoon. ... A nice lunch issued for the day. Rice,
 gravy, and burned soup - came to soup in a being day of
 steam. A quiet night.

 any yet. ... Looking at everything in General we can't see
 the Japs are treating us too badly. Perhaps this statement may
 be before my advice, but we are thankful for what little we

follows):

General MacArthur:

The Bateman force would not as they would have
worked, fighting both ends of their flanking, for the
to army has ever made as much, well so little and became
more than its last hours of trial and agony. In the evening
workers of the ship, I can only say that the sacrifice and
of Paul of Nazareth has descended upon their sons, and that
I get well take them into himself.
