May, Arthur Cason, Peterson 60th, CAC, 700  
 Biddle, N.Y., Co. 1st Oct. 26, 1939  
 Act of 1st bombing of Cox. Dec. 29, Jan. 2, 3,  
 4, 5, & 14. Total No. of planes downed during  
 the period approx. 60 - see Col. Cason  
 Another number downed in single day  
 Dec. 29 & 31 - 13 down, saw more than 1000.  
 Dec. that period, no down, done by use of  
 machine and equip. 500 - 600 high  
 - more as Col. Cason, low of 1000 out of  
 an one gun, 15 - 60 ft. - this low, was  
 covered, especially 4 all equip. 1000 ready  
 for action for the next days attacks.  
 Five bombers used for Dec. 29 the only  
 during this period. They were severely  
 punished, losing 30% of 10 each.  
 Total period of bombing started Nov. 24,  
 the days of bombing down, this period.  
 mainly at 25, 26 ft. (alt of 100 to 150) at 20,  
 30 ft. approx. 14 ft. 6 ft. alt. 70 ft.  
 planes downed during this period about  
 15 - 20 (see H. Col. Cason). The  
 greatest number in any one day was that  
 day was about 4. (See Peterson's diary  
 from 2 and 3 to 4 N 60.)  
 The greatest number of planes over Cox. in  
 one day was 100 N 60. & 100 ft. altitude  
 mostly a pair of not downed outside.  
 The Battery under attack, 90, records of  
 planes downed were 100 ft. coming by  
 Capt. Cason & Peterson (10 planes). They  
 also had records for greatest No. of planes  
 per unit ammunition.

downed in single plane by 1st (see Col. Cason's  
 diary, T. K. Peterson)

Other damage by bombs - 1 freight car  
 1 scavenger, 4 windows repaired, damaged  
 1 d. C. 261, 1 bomb locator. By shelling  
 2 d. C. 261, 12 Col. 50 Mgs 10-3' (2  
 guns), 1 d. C. 261 & 1 d. C. 270, 2 detectors,  
 4 what was destroyed last morning.

Index of records, details, see log -  
 Capt. Peterson, Sgt. Hoff, Staff Sgt. Olson,  
 Sergeant Capt. Hargis, Lt. H. M. King (see  
 Col. Cason).

Comp. of records of 60th. 4/ other planes, some  
 unknown - not known. See Col. Cason.

Other pts. of interest - 25 night raid del.  
 20 ft. alt. on about 6-8 nights.

Three raids occurred at altitudes of about  
 2000' & 100 planes were illuminated 19  
 of the 25 times. On the other 6 times, the  
 planes did not come close enough to the  
 goal for lighting illumination on bombing.  
 First time to hit the bombs that day,  
 was at 1000' from the edge of covering.  
 The night raid, was so unexpected  
 that they were changed by the 1st of  
 about 1000' end of log.

Due to intense observation help up in the  
 last by new bombing by Col. C. 261  
 (Radio detector) was not so effective  
 on the last, however the d. C. 270 with  
 tall thin wood (the was too long of

Preserve baby girl love just like mine.  
 "My Mother & Belgians seemed to love  
 beyond their means & get married to their  
 husband's company if it was to be changed  
 or was just but that is what you'd be  
 surprised how poor his in Manila. They  
 had for one w/10 - (one) - pain say left.  
 But I always I say struggle & there is my  
 policy then to play up w/ they duty, share  
 - what was? Look for the Belgians and  
 should be quite high, & all the American.  
 But mind you I would give anything I  
 will always be faithful of my life. My  
 Maybe like those good from the life and  
 and 3-10-44. If it was my own - even  
 I wouldn't mind my life but I would like to know  
 he always says - try to help if you can.  
 That's one reason I can't get along w/ any  
 friends who come around & go around w/ go  
 his my blood back if they say anything w/  
 the Gov.

Get your friends to be careful of selling  
 - medicine - some kinders can't be trusted

 apart follow nothing & staying mid for
