250, AGO, 2d Inf Div

11 December 1945

SUBJECT: Military Discipline and Courtesy

TO : All Officers, 2nd  
Infantry, Div (PA)

1. It has been noted by this Headquarters that the discipline of the officers and men, particularly the officers, has of late become so lax as to endanger the state of discipline of the entire command.

2. The officers are reminded that the behaviour of the men, their discipline, and their attitude towards the service, is merely a reflection of the behaviour, discipline, and mental attitude of their officers. If the officers are undisciplined, careless in their manners, and unmindful of their responsibilities, the men, who look up to them as models and guides, will act in similar manner.

3. Officers of this command are expected to act always as "Officers and gentlemen" should. They should constantly bear in mind that they are being judged in their behaviour, not only by their superiors but also by their subordinates.

4. Commanding Officers are enjoined to keep their officers constantly reminded, by means of conferences or lectures on military discipline and courtesy, of their responsibilities as examples and models to their men.

5. In this connection, officers should make it a point to call the attention of enlisted men who fail to render the necessary courtesy. Immediate, on-the-spot correction should be made. For example: An officer is met by an enlisted man anywhere in the camp area or even outside the camp premises, and the enlisted man fails to render the salute properly or fails to render it all together, the officer should call the enlisted-man execute the salute several times, if necessary, until he renders it properly.

6. Senior officers will follow the procedure outlined above with the junior officers, if in their opinion, the latter are careless or just plainly disregard giving their superior officers the necessary courtesy.

*Type 6*  
*J.A. Dis - 26 Dec.*  
-1-

Ltr Hq, 2d Inf Div, Subj; Military Discipline and Courtesy  
dtd 11 Dec 45 (cont'd)

7. Officers and enlisted men are reminded that the military salute rendered properly, is the mark of a disciplined soldier. It is the military way of greeting a comrade or brother -in-arms, without having to speak a word. It does not degrade one to salute another. On the contrary, the officer or enlisted man who fails to render the necessary courtesy clearly proclaims to the world that he is not disciplined and hence, is not a good soldier.

8. Discipline and courtesy are expressed in mere ways than one. They can be shown in the consideration shown for the rights of others--on the road, in the theatre, in the post exchange, in the mess halls--in countless other places in countless other ways. For example: A disciplined and courteous person when driving a vehicle, besides following the traffic rules and regulations enforced by the authorities, shall consider the other users of the road. He would not try to "hog" the whole road to himself. He will allow faster vehicles to overtake and pass his own, instead of trying to race with the other fellow, with the possible result of both of them landing in the ditch, the hospital or the grave. At night, a disciplined and courteous driver, will not try to blind the drivers of oncoming vehicles with his headlights, but following the courtesy of the road, he will dim his headlights, slow down his vehicles, and allow the oncoming vehicle plenty of road space. These little courtesies, however, which requires quite a lot of personal discipline to put into practice, go a long way in preventing accidents.

9. Discipline and courtesy not only mark the "officer and gentleman" or the enlisted man as a good soldier, but they show the kind of breeding and education that a person has received from his parents since childhood, and the amount of education he has absorbed in school. The qualities of discipline and courtesy are not born in a man. They are cultivated by careful study and practice. Each and every one of us can be disciplined and courteous if we try hard enough to acquire these gentlemanly qualities. They are easier to acquire by constant practice.

10. Discipline and courtesy can be summed up simply by the Golden Rule: "DON UNTO OTHERS WHAT YOU WANT OTHERS DO UNTO YOU". It takes a disciplined and courteous person to apply the Golden Rule, but everyone can do so with a little effort.

Subject: General Order No. 4, this Headquarters  
dated 25 February, 1945

To : All Regimental Commanders

1. Inclosed herewith you will find a copy of the above mentioned General Order which is believed to be self-explanatory.

2. The following comments and clarifications are made regarding the above mentioned GO for the information and compliance of all concerned:

a. You will secure the necessary men to bring your respective regiments up to strength without delay. In securing the necessary number of men to do this, you will give first priority/ to ex-USAFIP and ex-service men, having honorable records and who are not blacklisted. It is desired that Regiments be brought up to full strength without delay but on the other hand it is also desired that a minimum of training be necessary for the new men. Hence, first priority will be given to ex-USAFIP and ex-service men.

b. Before any new men are taken into the organization, and "loose parts" that you may at present have in your organizations, provided such personnel is physically fit for combat service will be accommodated. One example of what "loose parts" has reference to, is male intelligence personnel. Another example, civilian employees whom you have who are other than intelligence agents.

c. In the near future it is contemplated that the following additional organizations will be authorized:

(1) A Signal Company for each District of USAFIP, NL. Personnel now functioning in existing land message centers will be members of these organizations. Hence, it is not necessary that your message center personnel be included as members of your Regiment.

In accordance with the instructions given in regard to the reopening of schools, you are hereby requested to make all necessary arrangements speedily so that public elementary schools be reopened on June 1, 1942.

MILITARY ADMINISTRATION

(2) An Intelligence Company for each District USAFIP, NL. Into this Company will be place your agents who are not capable as combat personnel and who are not authorized as a part of your Regiment as prescribed in the enclosed GO.

d. Attention is called to the fact that District Hospital Companies are assigned to the various Districts of USAFIP, NL and not to the Regiments of USAFIP, NL.

e. This Headquarters again wishes to emphasize the importance of getting all of your personnel on correctly prepared rosters of troops and officers.

f. Attention is also called to the fact that you will respectively be held strictly accountable for being within your Table of Organization from this date hence.

- I. Problem: To study the metamorphosis of insects
- II. Materials: Pictures mounts illustrating the stages in the metamorphosis of several common insects such as grasshopper, butterfly or moth, honey bee, beetle, house fly ect.
- III. Method: Make careful comparison of each of the several life (history) histories. Make a table in which the life histories can be worked out and compared. Note the different kinds of larval and pupal stage.

IV. Observations:

Insect	Egg	Larva	Pupa	Adult	Type of Metamorphosis
grasshopper		none	none	✓	gradual
butterfly/moth	✓	✓	✓	✓	complete
honey bee	✓	✓	✓	✓	complete
beetle	✓	✓	✓	✓	complete
housefly	✓	✓	✓	✓	complete

V. Conclusion: The butterfly, honey bee, beetle + housefly show complete metamorphosis while the grasshopper show gradual metamorphosis. It helps in the stages of its development.

1. Metamorphosis is the process taken by the insect from the egg to the adult stage while development is the growth of the insect.
2. Bird or mammal does not go through metamorphosis but development.

**SUBJECT:** REINSTATEMENT TO THE USAFFE BONAFIDE RANK, request for.

**T O :** The Adjutant General, 2D INF DIV, Camp Spencer, APO 70.

(Thru Channels)

1. Request that the undersigned, T/Sgt., "K" Co., 3<sup>rd</sup> Bn., 23<sup>rd</sup> Inf., be reinstated into his Bonafide-Rank as **FIRST SERGEANT** both in the USAFFE and also attained in the 15th Inf., USAFIP NL, a recognized Guerilla Unit.

2. Special Orders which caused his appointments with the changes in rank in the Guerilla are as follows:

a. USAFFE - Last Bonafide rank in Bataan: First Sergeant. (See APPENDIX "A").

b. GUERRILLA - Par 1, SO # 13 dtd 30 Dec '45, HQ 3<sup>rd</sup> Bn., 15th Inf USAFIP NL: Sergeant. (See APPENDIX "B").

c. GUERRILLA - Par 5, SO # 13 dtd 30h July '45, RHQ 15th Inf USAFIP NL: First Sergeant. (See APPENDIX "C").

d. GUERRILLA - Par 1, SO # 28 dtd 17 Dec '45 HQ 2<sup>nd</sup> Inf Div PA: Technical Sergeant. (See APPENDIX "D").

3. With regard to Par 2-d above, the undersigned requested such appointment under AR 615-5, Par 13 f (Changes No. 4, WD dtd 2 Nov '44) in view of gaining additional field training. Field training however has ceased and the undersigned feels satisfied with results from same and is much more competent and prepared than ever for the old USAFFE Bonafide Rank which has been also the highest rank he attained in his recognized Guerilla Unit.

4. Request further that priority in the disposition of this request be considered inasmuch as the undersigned desires to be demobilized very soon with the benefits and privileges derived from such hardly earned rank in the army which will surely bespeak of him in his civilian life.
