BUREAU OF EDUCATION
Division of Negroes Oriental

Damagute, March 18, 1937

The Supervising Teacher

Layson, Neg. Or.

Dear Sir:

There are being sent herewith copies of announcements of the junior and senior teacher examinations to be held on May 18, 1937. These announcements should be read in a teachers' meeting for the purpose of acquainting the teachers with the instructions therein contained. It will be noted that all regular municipal teachers without civil service eligibility now in the service are eligible to take the junior teacher promotional examination. Their applications on C. S. Form 2 must be submitted to this office on or before April 25, 1937. Applications received after that date will not be considered. Applications for the senior teacher examination should be sent direct to the Commissioner of Civil Service.

To facilitate the distribution of the C. S. Forms 2 and 47 the supervising teacher should determine at the earliest possible date the number taking the junior and senior teacher examinations and request the necessary forms from this office for distribution. The applications of those teachers who took the examination last vacation should not be filed until they know the results. If the ratings are not received by the teachers by April 20, 1937, their applications may be filed.

Commonwealth Act No. 177 has included municipal teachers in the Philippine Civil Service. Certain portions of that Act are quoted below for the information of the teachers:

"SEC. 672. Examination as prerequisite to appointment.- No person shall be appointed to or employed in any position in the classified service until he passes the examination provided therefor: Provided, however, That persons now regularly and permanently employed in any branch or subdivision of the Government, whose positions are or may hereafter be classified by operation of the Constitution and of this Act may, unless separated by proper authority, continue in the service for the term of three years from January first, nineteen hundred and thirty-seven: Provided, That they shall be given three chances to qualify: And provided, finally, That employees who, upon the approval of this Act, have rendered ten years or more of continuous and satisfactory service in a classified position or in a position which may be subject to classification, shall

Municipal Plazas and School Grounds Improved.-- During the month, the municipal plaza and school ground of Ayungon that were improved. There were some fruit trees and ornamental plants planted under the supervision of the personnel here. These fruit trees and ornamental plants were secured from local sources. The different kinds planted in the municipal plaza and school grounds can be found in Table No. V.

Fruit Trees Planted Under Supervision.-- In order to encourage the people in the planting of more fruit trees, the fruit trees ordered by the different cooperators thru the personnel here are supervised by him during the planting. Therefore, in this connection, many farmers ordered fruit trees. During the month, there were around 100 plant materials planted under the supervision of the personnel here. These plant materials were secured from the Bais Provincial Nursery and the rests were from the local sources. For the names and addresses of the different cooperators who planted fruit trees under the supervision of the personnel here, see Table No. VI.

Home-Lot Improvement.-- In the course of the economic survey and inspection made by the personnel here, home-lots were found long abandoned and neglected because farmers paid no interest on account of some circumstances. Because of these, most of the farmers were encouraged to re-establish by giving seeds of free distribution. During the month, there were 6 home-lots improved. The names and addresses of the cooperators can be found in Table No. VII.

Promotion of Home Industries.-- The fact that Provincial Home Lady Demonstrators have encouraged our young women in the utilization of agricultural product to the inner most benefit and the fact that most of the people have already experienced from the shortage of food supply within those three months that past and because the demand for home made articles is great, the making of them came into existence. The preservation of fruits is the one that is most widely carried on by women. The other industries that are of vital importance to the people and which centered most of the interest of people are mat weaving, embroidery, and rope making. The names and addresses of the different cooperators can be found in Table No. VIII.

Individuals Called for Consultation.-- During the inspection and economic survey conducted by the personnel here, interested and intelligent farmers consulted him on the different subjects on the principles of scientific agriculture. A total of twelve farmers consulted - seven of these called at the Office and the rests were during the special drives for planting fruit trees and when during the crop survey. The names and addresses and the subjects consulted and the area owned by the farmers can be found in the "Individual Consultation Record", B. P. I. Form No. 6.

Distribution of Pamphlets.-- Because most of the farmers believed that by explanations and demonstrations of different phases of agriculture are not sufficient

No. 38, s. 1940

RICE NEEDED BY GOVERNMENT OFFICES SHOULD BE PURCHASED
FROM THE NATIONAL RICE AND CORN CORPORATION

To Division Superintendents:

1. Circular Letter No. 9 of the Office of the President of the Philippines, which was issued on April 26, 1940, and which requires all bureaus, offices, instrumentalities, and agencies of the Government using rice to purchase their rice from the National Rice and Corn Corporation, is quoted below in full for the information and guidance of the field:

Under the provisions of Proclamation No. 533, issued April 1, 1940, the National Rice and Corn Corporation has been designated as a relief organization for the purpose of importing rice free of duty, to offset the shortage of Philippine production of this cereal this year.

In view hereof, His Excellency, the President, desires that all bureaus, offices, instrumentalities, and agencies of the Government using rice in the prosecution of their functions and activities should hereafter purchase their rice requirements from the National Rice and Corn Corporation in Manila or from its agencies in Cebu, Davao, Tacloban, Cattalogan, Legaspi and Naga, whichever is the nearest, as an exception to the provisions of Executive Order No. 98, series of 1937, unless such bureaus, offices, instrumentalities, or agencies are themselves engaged in the production of rice.

2. Since the Bureau of Education, through its agricultural schools, is engaged in the production of rice, it does not fall within the scope of this Circular Letter so long as the rice requirements of the various schools, dormitories, etc., under the Bureau of Education can be filled by the agricultural schools.

CELEDONIO SALVADOR
Director of Education
