No. 33, s. 1940

**GIRLS' SOFTBALL REPLACES INDOOR BASEBALL IN ATHLETIC MEETS**

To Division Superintendents:

1. In accordance with a resolution passed by the superintendents in convention at Baguio, May 22-28, 1940, and approved by this Office, soft ball is hereby adopted as an official event to take the place of indoor baseball.

2. The following rules for softball, which shall take effect upon the receipt of this circular, are given for the information and guidance of the field:

Rule 1-The Diamond-The official diamond shall have 60-foot base lines, with a pitching distance of 35 feet, and other details as shown in the diagram inclosed with this Circular. The present size of an indoor diamond may be used for primary school games.

Rule 14. The Ball-The official soft ball shall be a regular, smooth-seam, concealed stitch, or flat-surfaced ball of any type. The finished ball shall be not less than 11-7/8 inches nor more than 12-1/2 inches in circumference, and shall weigh not less than 6 ounces nor more than 6-3/4 ounces. Raised outseam balls are illegal.

Rule 15-The Bat-The bat shall be round, not more than 32 inches in length, and not more than 2-1/2 inches in diameter at its largest part. Willow or fungo bats are prohibited. The bat shall have a safety grip of cork, tape, or composition material. Such safety grip shall be not less than 10 inches in length and shall not extend more than 15 inches from the small end of the bat, and shall be marked "Official Softball Bat" to indicate that it conforms with the specifications of the rules regarding length and size.

Rule 16-Number of Players in a Game-A team shall consist of ten (10) players whose positions shall be designated as follows: pitcher, catcher, first baseman, second baseman, third baseman, shortstop, left-fielder, right fielder, and short fielder. Players of the team may be stationed at any point on fair ground which their captain may elect, except that the pitcher while in the act of delivering the ball to the batsman must take her position as defined in Rule 27 and the catcher must be within the lines of her position. Not more than ten (10) players each team shall be allowed to play at one time as regular players, substitutes to become regulars and regulars to be eliminated when so specified to the umpire by the captain or manager.

Rule 21-Gloves-Gloves (medium size for girls) may be worn by any player, but mitts (medium size for girls) must be used only by the catcher and the first baseman. Catchers must wear both masks and protectors. (This part of the rule may be modified by local regulation for intermediate and primary classes.)

Rule 27-Pitching Rules-Preliminary to pitching, the pitcher shall come to a full stop, facing the batsman, with both feet squarely on the ground and in contact with pitcher's plate. In the preliminary moves of pitcher, the arm does not have to be swung parallel with the body, but only in the final swing when delivering the ball. A legal delivery shall be a ball which is delivered to the batter underhand and with a follow-through of the hand and wrist past the straight line of the body before the ball is released. The pitcher may use any windup she desires, provided that in the final delivery of the ball to the batter the hand shall be below the hip and the wrist not farther from the body than the elbow. A snap or jerky release of the ball at the hip is prohibited. The pitcher may throw the ball to any base to retire the base runner, either underhand or overhand, provided she stop directly under such base in the act of making the throw.
